Tar Cordial

Nature's Great Remedy!

Throat and Lungs.

It is gratifying to us to inform the public that Dr. L. Q. C. Wishart's Pine Tree Tar Cordial, for Throat and Lung Diseases, has calming an envial reputation from the Atlantic to the Pacific coast, and from thence to some of the first families of Europe, not through the press alone, but by persons throughout the States actually benefitted and cured at his office. While he publishes less, so say our reporters, he is unable to supply the demand. It gains and holds its reputation—

io supply the demand. It gains and holds its reputation—
First. Not by stopping cough, but by loosen ingand assisting nature to throw off the unhealthy matter collected about the throat and bronelind tubes, which causes britation.
Second. It removes the cause of irritation (which produces cough) of the intecous membrane and bronelial tubes, assists the lungs to act and throw off the unhealthy secretions, and purifies the blood.

Third. It is free from squills, lobella, specae and optim, of which most throat and lung remedies are composed, which alay cough only, and disorganize the stomach. It has a soothing effect on the stomach acts on the liver and kidneys, and lymphatic and nervous regions, thus reaching to every part of the system, and in its linkgorating and purifying effects it has gained a reputation which it must hold above all others in the market.
