THE trains on the Cumberland Valley WINTER .- Winter still lingers in the lap of spring. Although we have had a few days frequently that remind us of spring, the grim monster seems loth to give place to its balmy breezes, and has succeeded in making the present season historical for its severity.-Croakers who have been in the habitof THE State Normal School, near Shippensburg, is capable of accommodating complaining that we have not had 00 students and 300 boarders, and the "good, old-fashioned winters" of late chapel connected with it will seat 1 000 years, are satisfied, and would most people. The work of frescoeing the gladly welcome beautiful spring. The chapel is progressing. Mr. Elmer, the continuous run .of sleighing since the holidays, is something out of the usual weather phenomena in this section of country. We have been particularly favored in this respect, this winter, and it has afforded our farmers an ex-OUR citizen, Judge Graham, met with cellent opportunity to accomplish much work that could not so well and an accident at Mifflintown, on the 25th inst., which was somewhat painful in its expeditiously be done with the wagon. nature. The Mifflintown Independent Besides, what a mint of enjoyment to young and old has it vouchsafed in the way of pleasant sleighing parties. The About 10 o'clock yesterday (Tuesday) morning; Judge Graham, of Carlisle, who was in attendance at an adjourned Court in this place, in coming out of Captain McCletlau's saddlery shop, on Bridge street, to which place he had gone to inquire for Mr. Wright, slipped and fell on the door s ep. spraining his right ankle very badly. Seeing him fail, we ran to his assistance, and he was helped into Capt. C's shop, and a sleigh procurd, and he was taken to the Juniata Hotel, and medical ald sum-moned. By advice of Dr. Banks he left snow, which is so much admired for its beauty, and which is associated with so many pleasant remembrances, is a great blessing in protecting the crops from harm during the cold of winter. It is sometimes calls the "poor man's manure," as its effect upon the soil is most beneficial to the crops. It imparts a strength and moisture to the ground d. By advice of Dr. Banks he left

which is of permanent value, and that comes alone from this source. This winter we are indeed blessed in this respect, EXPLANATION.—As the time for printand the great value of this blessing is all ing tickets for the Local Option question the more fully appreciated because the greater portion of last year's wheat crop suffered serious loss ( n account of a scar city of snow. At least the partial failor against license, must have the word "License," printed on the out-ide, and ure was gen-rally attribute i to this ause, There will not be much damage sustaintloket must have "For License," print- ed from the same cause this season.

'IT is very curious,' said an o'd gent'eman to his friend, "that a wate should be kept perfectly dry when it has a running spring inside.'
