DIAMOND SPECTACLES!

TRADE MARK

These Spectacles are manufactured from MINUTE CRYSTAL PEBBLES melted together, and are called DIAMOND on account of their hardness and brilliancy.

In no kind known that spectacles cut from Brazilian or Scotch pebbles are very injurious to the eye, because of their polarizing light.

Having been tested with the polariscope, the diamond lenses have been found to admit fifteen per cent. less heated rays than any other pebble.

They are ground with great scientific accuracy, are free from chromatic aberrations, and produce a brightness and distinctness of vision not before attained in spectacles. P. C. KRAMER, CARLISLE, Pa.

FARMERS' BANK SAVINGS FUND.

Open every day from 9 A. M. to 3 P. M.

DEPOSITS RECEIVED OF ANY SUM FROM 25 CENTS UPWARD.

RATE OF INTEREST FIVE PER CENT.

By a resolution of the Board of Directors it is hereby announced that on and after February 1st, a Savings Fund Department will be opened in connection with the Farmers' Bank, Carlisle.

This Savings Fund is designed to meet a want long felt in the community, by which the industrious mechanic of small means can save a portion of their weekly earnings, and as sums as low as 25 cents will be received every one can become a depositor.

It is a great mistake to suppose that *small sums are not worth saving.* By the *habit* of saving in little matters riches are acquired, and as every one may become depositors, let them come with small amounts; and cents will soon become dollars, and continually increase. Let none wait till they have *something worth while,* something *respectable,* before they *begin* to save; a beginning is the great point to be achieved.

The attention of parents is called to this Savings Fund, as they may here accumulate a fund for their children, or by making them depositors teach them the advantages of the habit of saving.

Depositors are not obliged to continue their deposits longer than they may choose to do so, but may withdraw the whole or such part at any time it may suit their own convenience.

Money deposited on or before the first day of January, April, July, and October will begin to draw interest on those days, and will be paid semi-annually, on the first days of January and July, and if uncalled for will be added to the principal and draw interest the same as the original deposit.

The Bank is intended as a place of safety for keeping money as well as to encourage savings by all classes.

For further particulars and circulars inquire Farmers' Bank.

WISHART'S PINE TREE

Tar Cordial!

Nature's Great Remedy!

— FOR THE —

Throat and Lungs.

It is gratifying to us to inform the public that Dr. L. Q. C. Wishart's Pine Tree Tar Cordial, for Throat and Lung Diseases, has gaining an enviable reputation from the Atlantic to the Pacific coast, and from thence to some of the first families of Europe, not through the press alone, but by persons throughout the States actually benefitted and cured at his office. While he publishes less, so say our reporters, he is unable to supply the demand. It gains and holds its reputation—

First. Not by stopping cough, but by loosening and assisting nature to throw off the unhealthy matter collected about the throat and bronchial tubes, *which causes irritation.*

Second. It removes the cause of irritation (which produces cough) of the mucous membrane and bronchial tubes, assists the lungs to act and throw off the unhealthy secretions, and purifies the blood.

Third. It is free from squills, lobelia, ipecac and opium, of which most throat and lung remedies are composed, which allay cough only, and disorganize the stomach. It has a soothing effect on the stomach nets on the liver and kidneys, and lymphatic and nervous regions, thus reaching to every part of the system, and in its invigorating and purifying effects it has gained a reputation which it must hold above all others in the market.

"NO SUCH WORD AS FAIL."

A RESISTLESS REMEDY,

Holloways Ointment.

CIRCULAR TO THE SICK.

The first hospital surgeons and medical publicists of Europe, admit the unparalleled anti-inflammatory and healing properties of this Ointment; governments sanction its use in their naval and military services; and the masses in this country and throughout the country and throughout the world repose the utmost confidence in its curative properties. It penetrates the sources of inflammation and corruption which underlie the external evidences of disease, and neutralize the fiery elements which feed and exasperate the malady.

RHEUMATISM, SCROFULA, ERYSIPELAS.

These are among the most terrible and agonizing diseases of the muscles, the fleshy fibre and the skin; yet in their worst forms, and when seemingly incurable, they invariably disappear under a persevering application of this soothing, healing, antidote to pain and inflammation,

SALT RHEUM, FEVER SORES, STIFF JOINTS.

In Cases of Salt Rheum, where medical waters, lotions, and every recipe of the pharmacopeia have proved useless, the Ointment will accomplish a thorough cure. Fever Sores heal quickly under its influence, and its relaxing effect upon contracted sinews is truly wonderful

DISCHARGING ULCERS.

A most remarkable and happy change is produced in the appearance of malignant ulcers after a few applications of this Ointment. The surrounding rildness vanishes, and granulas of healthy flesh begin to take the place of the discharged matter. This process goes on more or less rapidly, until the orifice is filled up with sound material, and the ulcer radically cured.

A WORD TO MOTHERS.

The pangs are the most frequent sufferers from external injuries, and therefore every mother should have this healing preparation constantly at hand. It is an absolute specific for sore breasts, and quickly removes the ensuing sores which sometimes disfigure the hands and faces of children.

SIGNIFICANT FACTS.

This Ointment is universally used on board of the Atlantic and Pacific whaling fleet as a cure for scorbutic affections, and as the best possible remedy for wounds and bruises. Large supplies of it have recently been ordered
