Is a Restorative, it gives me pleasure to say hist its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been seroubled from childhood, and has also restored my hair which was becoming gray, to its original color. I have used no other article, with anything like the pleasure and profit. Yours truly,

Pastor of Insorthodox Church, Brookfield.

St. Lours, March 7, 1854.

Paor. Woon.—Dear Sir.—My hair commenced fallying off sense three orfour years aince, and continued to do so until I became quite baid. I tried all the popular renedies of the day, but to no effect; at least i was induced to use year celebrated Hair Restorative, and am very lappy to say it is doing wonders. I have now a fine growth of young hair, and cherfully recommend its per to all similarly afficied.

A. C. WHILLIAMSON,

103 Second street.

I have used Prof. O. J. Wood's Hair Resporative, and have admired is wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his Restorative, it has resumed its original color, and I have no doubt, fermanently so.

Ex-Senstor United States.

Dr. O. J. Woon:—As you are about to manufactive, and wend your recently discovered Hair Restorative, and have found its effects very astisfactory. It has entirely delatoryed all dandruff from any head, and restored my hair to its original color, which had become quite gray.

Viscense, Ind., June 1814, 1833.

Prov. O. J. Woon:—As you are about to manufacture and vend your recently discovered Hair Restorative, and that I find yours vastly superior to any other F-know. It sentirely elements the head of dandruff, and with post popular proper use will restore apply it, or the dress, on which it drops. A would, therefore, recommend its use to every one desirous of having a fine color and texture to the hair.

Respectively yours. WILSON KING.
