CIREAT BARGAINS in consequence of the increase U of business at the New and Cheap BOOK STORE and the want of room for the transacting of the increased business. The design is to remove the Book Store to the second floor of the building on the corner of North Queen street and Centre Square, adjoining the building in which the Book Store is at present, and as the subscribers have just returned from the Trade Sales with a very large stock of BOOKS, at exceedingly low prices, which makes their stock much larger than it ever has been, they intend, and are compelled to reduce their stock for the present as much as possible, and to do that they are determined, as they booght their stock very low to suit their customers in prices. We offer the reading public a great opportunity to tuy many Valuable Literary Geoms, exceedingly low, as ours are new and select. Those theirous of replenishing their Libraries would do well by calling and examining for themselves.—You will find much that you will want, and at rates that will repay you for your visit.
