Forms of \$0, 75, 100. or more acres, adjoining in protion. Each facus fronts upon a zoad thiry feet in
the.

seneral development, as well as the coal, may be imagined.

The large and fourishing sown of St. Mary's is in the centre of the tract, numbering near 3,000 inhabitants. It has Hotels, good public schools, saw and grist mills, sorce, well stocked and every thing desired. There are 235 half cre lots in the town of St. Mary's which will be sold and the proceeds equally divided amongst those who buy farms. Ridgeway, the county sent where unextensive business is done, adjoins the tract on the west. The whole districts intersected by good turnpike, and other coads.

This is a rare opportunity offered to those who wish to farm or have a good investment for the future. By making proper inquiries, and considering the advantages of good soil, an abundance of coal, healthtimess of climate, skaliroad, facilities, and its location, a correct judgment may be formed of its present advantages and ultimate mercass.

signed, will command immediate altentian way be formed of its present advantages and ultimate merease.

By writing to the office, directions will be given to show wish to visit the land. A system of excursions will shortly be adopted.

There is an excellent opening for various branches of mechanical business, especially tanneries, whoelwrights, axe bandle makers, shoemakers, carpenters and others. Farms can be bought by enclosing the first installuent Ladies can hold shares in their own right. This unquestionably good, and warrantee deeds given. Address or apply to Samuel W. BOROUGH COUNCIL OF ST. MARY'S TO THE
FUBLIC.
This is to certify that, having been over the tract owndeby the Ridgeway Farm and Coal Company, and
given it a thorough examination, we find the representations of that 'Company to be correct. We find the soil
to be the most fertile—the Coal and Iron Ore to lie in
mexhaustible quantities, through the whole dastrict—the
Farms in excellent order, and the intelligence and prosperity of the people to be of the most gratifying characjer. We know that there is no healthier location in the
State, and we consider it a most desirable place of setelement.

Mement. We make this declaration, as we believe there may be many persons who are unacquainted with these lands and we are satisfied, from our knowledge of the subject, that information upon it will be a public benefit. element:

PHILADELPHIA, April 12, 1856.

Messrs Evans & Warson:—Gents:—It affords us the highest satisfaction to state to you. that owing to the very presective qualities of two of the Salamander Sates which we purchased of you some few months since, we saved a large portion of our Jewelry, Rooks, Papers, &c., exposed to the calamitous fire in Ranstead Place, on the morning of the 11th instant.

PHILADELPHIA, April 14, 1856, Messrs. Evans & Warson—Gentlemen—No doubt you will be deeply gratified to learn the good condition in which I discovered my book, policy of insurance, critificates of stock, and other valuable documents, when on Friday last I opened the safe made by ments, when on Friday Iasi I opened the safe made by your firm.

With my knowledge of its great exposure, both to the intensity of the heat from so hot a fire as that which destroyed the Artisan Building, as also from the force of the fall from its former elevated position in the third story, I could entertain but slender hopes prior to its interior inspection, that the contents which I once so highly prized would ever be of any service to me, but as these fears are now happily removed, I feel it only due to say to you, that I can henceforth recommend the use of your Safes to all who may wish to feel a confidence in the perfect security which such means provides against so frightful an element.

J. A. RHODES, Esq. :—Dear Six-A-A flook your medicine to sell on consignment, "no cure no nay." I take pleaner in stating its effects as reported to me by three brothers who live in this place, and their testimony is a fair specimen of all it have received:

W. S. Conklin told me—"I had taken nine boules of Christie" Ague Balsam, and cleatinually run down while using it until my lungs and fiver were Congested to that degree that blood dischaged from my mouth and lowels, so that all thought in mossible for me to live through another chill. The oldetors too did all they could for inc, but thought in must die. Nothing did me any good until I got Rhodes' Feer and Ague Cure, which at once relieved me of the didfress and nausea at my stomach and paint in my had and howels, and produced a permanent cure in a short lime.

H. M. Conklin says, "I had been taking medicine of us good a doctor as we have in our county, and taken-any quantity of quistice and specifies without any good result, from 20th of August to Tyth Docember, But seeing how nicely it operated on my brother, got a loutle of Rhodes' Fever and Ague Ture, which effected a permanent cure by using assistants of a bottle" S. M. Conklin was non here, but hough the other brothers any his cure was at the samedias; If, Mis. Proid the medicine to both the samedias; If, Mis. Proid the medicine to both the samedias; If, Mis. Proid the medicine to both the samedias; If, Mis. Proid the specific A HUMAN LIPE SAVED!

8. M. Coukhu was no here tuckeds the other brothers any his cure was the same of \$1. Mis. I resid the medicine to both the same disty. Midthe cure was us aprecly from the same single typestage, and I might so specify.

The above speaks for invit. Good proof as it is, it is of no better two than they was number of like certificates. I have already published and the still greater amount that is continually pouring into me.

One thing more. Last year I had occasion to Caution the Public inthese words:

"I notice one firm who have taken one of my general circulars, substituted the name of their nostrainfor my medicine, and then with brazen impudells cut their pamplet with the exclamation. Let the proprietor of any other medicine say as much if he darry." For Nova I take pleasure in saying that the Caution referred to the same "Br. Christin's Ague Balsam" that is mentioned in the above certificate.

There are several other industrious people who are applying to their poisonous trash all that I published about my Fever and Ague Cure. or handed to Molaria, except the Certificates of Circe, and the Certificate of the celebrated Chemist. Dr. Jamer R. Ghilton, of New York, in favor of its perfectly Harmless Character, which is attached to every bottles, These will always serve to distinguish my medicine from imitation.
