" "I am huppy to say of your Cathorlie Pills, that I have found them a better family medicine, for common use, than any other within my knowledge. Many of my frends have realized marked benefits from them, and coincide with me in believing that they possess extraordnury virtues for driving out diseases and coring the sick. They are not only effectual, but safe and pleasant to be taken-qualities which must make them valued by the public, when they are known." The venerable Chancellor Wardlaw writes from Baltumere. 15th April. 1851: "Dn. J. C AVER-Sir: I have taken your Pills with great benefit, for the listlessness, languor, loss of ap-petite, and Bitious headache, which has of late years overtaken me in the spring. A NEW MUSIC BOOK! The Keystone Collection of Church Music The Keystone Collection of Church Music Embracing a new system on the Cultivation of the Voice. This latter department of the Book should be noticed by all interested in Vocal Music; it teaches you how to produce pure mellow tones, to sing with expression, how to accent vowels and consonants — This department is an entire new feature in music books, the need of which has long been feit by Music Teachers. The author, A. N. Jointsoo, assisted by E. H. FRost, has labored for several years to reduce it to a system within the comprehension of all. The music is of the most varied and pleasing character; nothing is wanting to make it the best book published. UPA copy for examination will be sent, postage free, to any one remiting 75 cents.
