Refiger of Ton Trum's Jewels.—The valuable jewels presented to Tom Thumb in his traye's in this country and Europe, several of them from crowned heads, were all stolen, together with the case containing them, from the Melodeon, at Cincinnati, on Monday night. The case, which is two feet long by eightteen inches broad, had been placed near the piano. The contents consisted of watches, diamond rings, pins, &c., of the value of twenty thousand dollars, which sum, however, it is said, but poorly represents the value set upon them by their owner. They have since been recovered.

The result was that in a few weeks he was porsult was, that in a few weeks, he was per-fectly cured, and his general health wonder-fully improved. This case has created quite a sensation in Mainc.

Something Worth Knowing!—By using Professor Wood's Hur Restorative, gray hurs can be permanently restored to its original color. The subjoined ecrificate from Johnston & Stone, Gardiner, Me, is but one of the many instances that are duity conting to our knowledge of its wonderful effects. It is no longer problematical, but a self evident truth, as hundreds in our community can testify.

Gardiner, Me., June 22, 1855.
Prof. O. J. Wood's Huir Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the Hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Bookfred, Mass, Jan. 12, 1855.
Prof. Wood-Denr Sir.—Having made a trial of your Hair Restorative, it gives me pleasure to say that its effect had been excellent in removing inflammation. Candruff, and a constant itching tendency with which I have been roushed from childhood, and has also restored my hair which was becoming gray to its original color. I have used no other article with anything like the pleasure and profit.

Prof. Wood—Dear Sir—Having become prematurely quite gray, I was induced some six weeks since, to make a trial of your Hair Restorative. I have used less than two bottles, but the gray hairs have disappeared; and although my hair has not fully attained its original color, yet the change is gradually going on, and I have great hopes that in a short time my hair will be as dark as formerly. I have also been muck grained at the healthy moisture and vigor of the hair, which, before, was harsh and dry, and it has ceased to come out as formerly.

Respectfully yours,
Millstonn. Worcester Co, Marsa, Nov. 17, 1854.
Prof. O. J. Wood—Dear Sir—Hake pleasure in bearing voluntary testimony to the magic effects of your wonderfull Hair Restorative. As far back as 1856 my hair commenced falling off, until the top of my cash become bald and smooth as glass, and it has continued to fall for a great many years, not in which we call a trial, and to my utter astonishment, I found after a few applications that my hair became firstly set and assumed a very glossy and benutiful appearance; and, by the time I had used quart bottle cry bald head was covertedover with a young and vigorous growth of hair, which is now from one to two sinckes in length, and growing very fast. Yours, truly Harr Restonative—In our columns to-day willle found#rof. Wood's assectioned of our acquaintances in fit. Louis. They are not only effectual, but safe and pleasant to be taken—qualities which must make them valued by the public, when they are known.

The venerable Chancellor Wardlaw writes from Baltimer, 15th April, 1851;

"Sir: I take pleasure in adding my testimony to the efficacy of your medicines, having derived very material benefit from the use of both your Pectoral and Cotharite Pills. I am never without them in my family, nor shall I ever consent to be, while my means will procure them?

The widely renowned S. S. Stevens, M. D., of Wentworth N. H. writes:

"Having used your Catharite Pills in my practice, I certify from experience that they are an invaluable purgative.
