position, ingredients too often used in remedies for the above diseases; and which, while they often prevent, for a season, the return of the chills, abbsitiate in the system diseases far worse and more difficult to remove.

Use this valuable vegetable production, and see for yourself that it will do all that a good medicine can do and all that can be desired. It purifies and circulates the blood, it acts as a gentle purgative upon the boweis, thus enabling nature to perform the regular exercise of her functions, and thus restoring the health and bracing up the system. As a Preventive it is equally as effectual, and should be taken once or twice a day, which will tend to remove those diseased humors which often cause the above fevers.

The Proprietor states, without fenr of contradiction, that Parchall's Fever and Ague Mixture has effectually cured more persons where it has been introduced than any other preparation now in use, to say more is unnesessary, as the medicine is to stand or fall upon its own merits.

From the numerous letters and certificates received by the Proprietor from persons who have tried the above named medicine. The following are selectedbecause they are generally known in the locality which this newspaper circulates, and because of the ready accessibility of the writers to any party inclined to doubt or scepticism in regard to the efficacy of this medicine.

From the Proprietor of the Delaware House at Bristol, Bucks county, Pa., known as Prait's Hotel.

THE STATE SAVINGS FUND! Office, Next Door to the Post Office, No. 83 Dock Street, Phil'a. 1854.

INTEREST FIVE PER CENT. ALLSUMS OF NONEY RETURNED ON DEMAND next door to Third street, and adjoining the Post Office, receives money on deposit daily, from 9 in the morning until 3 in the afternoon; also Monday evenings, from 7 to 9 o'clock. Interests allowed on deposits at the rate of five per cent per smam. Deposits with be returned in whole or in part on demand, without notice.

possis attner rate of invener cent per simum. Deposits will be returned in whole or in part on demand, without notice.

The popularity of this Office with all classes of the community, both in town and country, and its consequent success, may be assertised, in part, to the following substantial reasons:

1st. It offers a convenient, responsible, and profitable depository to Executors. Administrators, Assences, Collectors, Agents, and all public officers—to Attorneys, Trustees, Societies an: Associations, whether incorporated or otherwise—to married or single ladies—to Students, Merchants, Clerks, and business men generally—to Mechanics, Fermers, Minors of either sex, and all who have finds, much or ittle, to deposit, where they may be and any time with five per cent interest added.

2d. Depositors receive books, with an abstract of the By-Laws and regulations, in which is entered their deposits, which books serve as vouchers. They may designate, in case of sickness, death, or absence, who shall receive their deposits, without the intervention of Executors of Administrators. Any one or more persons may deposit in his, her, or their name, or for any other person or persons

3d. A Report is made each year to the Legislature and Councils of the City.

4th. The officers are sworn before they enter upon their duties, in addition to giving boads with suretics.

their duties, in addition to giving bonds with sureties.

5th. The State Savings Fund is a real Savings Fund
—not an Insurance and Trust Company. Our large
list of Depositors and the Philadelphia public, have
been careful to observe that the charter avoids the
business and risk of insurance.

6th. In order to afford every reasonable facility to
Depositors who reside at a distance from the office,
their deposits are permitted to be withdrawn by
checks, after the manner customary with the Banks.
Check Books will be furnished to depositors without

harge.
The popular patronage bestowed upon this office y a proverbally cautious and discriminating commutity, and where the character of the institution is est known, is a gratifying fact to which the Trustes desire to call attention. GEO. H. HART, President

I OLLOWAY'S Vegetable Vermifage Confettions. This is a very palutable remedy in an agreeable form, such as children will crave. It is purely vegetable in its composition, and prepared according to the latest unprovements in Pharmaceut ical Chemistry, by which we are able to separate the active principles of medicines from their nauseous and bulky accompaniments, and present them in a more concentrated and reliable form than in a crude state. More reliable, for in the crude state it is impossible to judge accurately of the properties of any medicine and often nauseous doesn are swallowed without producing the desired effect. In this confection we have the active principles of themost effectual Vermifages, free from their unpleasant taste and coors, and more safe and certain in its effects.

These Confections, while they are powerfully specific against worms, are mild and harmless in all other cases. For sale at MCORKLE & DELLETT'S
