## AYER'S PILLS For all the purposes of a Family Physic.

For all the purposes of a Family Fayster. THERE has long existed a public demand for an effective purgative pill which could be re-lifed on us sure and perfectly as in its operation.— This has been propared to meet that demand, and an extensive trial of its virtues has conclasively shown with what success it accomplishes the purpose de-signed. It is easy to make a physical *Pill*, but not so easy to make the best of all *Pills*—one which should have none ot the objections, but all the advantages of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortulaue for the patient hiberto that almost every purgative medi-cine is acramonious and irritating to the bowels.— This is not. Many of them produce so much griping pain and revulsion in the system as to more than from a previously existing obstruction of de-rangement in the bowels. Being purely vegetable, no have can arise from their use in any quality, but it is better that any medicine should be taken judi-tiously. Amoute directions for their use in the seve-ral diseases to which they are applicable are given particely use of A purpeins the been appedily cured by them we may mention Liver Com-plant, in its various forms of Jaundice, Indigesion, Amgeor and Loss of Appetite, Listlessness, Irrita-bility, Billous Headche, Billous Feeter, Fever and Amgeor and Loss of Appetite, Listlessness, Irrita-bility, Billous Headche, Billous Feeter, Fever and Amgeo, Pain in the side and Loins; for in truth, all these are but the consequence of diseased action of same rolie in Costiveness, Piles, Colic, Dyseniery, Humors, Scrofula and Bcurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in any and every case where a purgative is re-ard ensite in Bobmistion, form, Daron be lowed in and the inter, any and every case where a purgative is re-tored in Bobmistion. Borne in thore blood; in conter in Bobmistion form bobmist bobbes head THERE has long existed a public demand

of the body, Uters and impurity of the blood; in ishort, any and every case where a purgalive is re-quired. They have also produced some singularly success-ful cares in Rheumatism. Gout. Dropsy, Gravel, Ery-sipelas, Palpitation of the Heart, Pann in the Back Stomach and Side. They purify the blood, and, by their stimulant action on the circulatory system, ren-ovate the strength of the body, and restore the wated and diseased energies of the whole organism. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of everybody; and it is confidently believed this pill will answer a better purpose than anything which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what i emedy to employ when in need of a cathertic medicine. Being sugar wrapped they are pleasant to take; and being purely vegetuble, no harm can arise from their use in any quantity. For minute directions, see the wrapper on the box. Prepared by DR. JAMES C. AYER, Practical and Analytical Chemist,
