Five to eight bottles will cure the worst case of scrofula,

A benefit is always experienced from the first bottle,
and a perfect cure is warranted when the abovequantity is taken.

Resder, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in eyer; case. So sure as water will extinguish fire, so sure will this cure humor. I sever sold a bottle of it but that i sold another; after a trual it always spenks for itself. There are two things about this herb that opport in the superising; first that it grows in our patiers, in some places quite plentiful, and yet its value has never been known until discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sodden sise rise great popularity of the discovery, I will state that of April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholetale Druggists who have been in business twenty and thirty years, say that nothing in the sanals of patent medicines was ever like it—There is a universal praise of it from all quarters.

In my own practice is luways kept it surely for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epilepite firm—w obesae which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of what awful malady—there are but few who have seen more of it than I have.

I know of several cases of dropsy, all of them aged people, cured by it. For the vacious diseases of the Liver, Sick Heudache, Dysepsia, Asthma, Fever and ague, Pata in the Side, Diseases of the Spine, and particularly in diseases of the kidneys, &c., the discovery has done more good than any medicine ever known.

So chard and cough of it.
