I take this method of reccommending Dr. Hannah Bosleys Spiced Liquor to the public, as a certain cure for dyspepsin. I had been leboring usder the disease for eighteen months, and had tried different medicines for it but of no avail, antil I was prevailed upon to try her Spiced Liquor. After using one bottle and a haif I became entirely cured. I hope these afflicted with thir disease will give it a trial.

P. S.—Persons calling at the residence of Mrs. Bosley, need not be surprised at finding her a colored woman, at this is an undeniable fact; but she trusts it will not have effect on the curative powers of her medicines.

For all the purposes of a Family Physic. THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation.— This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical Pill, but not so easy to make the best of all Pills—one which should have none of the objections, but all the advantages of every other. This has been unfortunate for the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is sermonious and irritating to the bowels.—This is not. Many of them produce to much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them.—These Pills produce on irritation or pain, anless it arises from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity, but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cored by them we may mention Liver Complaint, in Is various forms of Jaundice, Indigestion, Lungour and Loss of Appetite. Listlessness, Irritability, Blitous Headache, Blitous Fever, Fever and Ague, Pain in the side and Long; for in troth, all these the but the consequence of diseased scion of the liver. As an apericat, they afford prompt and sure rehelf in Costiveness, Plex, Colic, Dysentery, Humors, Seroiula and secury, Colds with soreness of the body, Ulcers and inquerity of the blood; in short, any and every case where a purgative is required. THERE has long existed a public demand

short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism. Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back Stomach and Side. They purify the blood, and, by their stimulant action on the circulatory system removate the strength of the body, and restore the wasted and diseased energies of the whole organism. The thousand cuses in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of everyhody; and it is confidently believed this pill will answer a better purpose than anything which has hitherto been available to mankind.—When their virtues are once known, the public will no longer doubt what tenedy to employ when in need of a cathartic medicine.

PHILADELPHIA Manufac-ured SALAMANDER SAFES No. 25 S. Pourth street, Phila. Truth is mighty and must pre-rail.

Report of the Committee ap-pointed, to superintend the burning of the Iron Sufes, at Rending, February 27, 1257.

READING, March 4. READING, March 4.

The undersigned, members of the committee, do respectfully report, that we saw the two Safes originally agreed upon by Farrel & Herring, and Evans & Walsona, placed side by side in a furnace, viz. The Safe in use by the Paymuster of the Philadelphia and Reading, manufactured by Farrel & Herring, and the Safe in use by H. A. Lantz, jin, his store, manufactured by Evans & Walson, and put in books precisely filke.

The fire was started at \$2 o'clock, A. M., and kept up until four cords of green hickory, two cords dry cisely silke.

The fire was started at \$2\circ o'clock.A. M., and kept up until four.cords of green bickory, two cords dry out and half chestant top wood were entirely consumed, the whole under the superintendence of the subertibers, members of the committee. The Safes were then cooled off with water, after which they were noted and the books and papers taken out by the committee and east to H. At Lemit's were for nobife examination, after they were fire examined and unarked by the Committee. The books and papers taken from the Safe manufactured by twoms and Watson were but slightly affected by the intense heat while those taken from the Safe manufactured by Farries and Herring were in our judgment daminged fally fifteen per cent. more than those taken from Evans & Watson's Safe.

We believe the above to have been a fair and impartial trial of the Expert the qualities of best safes.

LACOB H. DYSHEH.

Having been absent daring the burning, we fully coincide with the above statement of the condition of the papers and books taken out of the respective Safe.

I placed myself in the hands of a barber, and had my head randed with a good stiff break, and the Restorative them applied and well rubbed in all the scalp was aglow. This I repeated every morning, and in three weeks the young hair appeared and grew rapidly from August last off the present time, and is now thick, black and strong—soft and pleasant to the touch; whereas, before, it was barsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your restorative about twick black and shall soon lave a good and perfect crop of hair—Now. I have used less than two bottles, but the gray hairs have aid disappeared; and although my hair has not fully attained its original color, yet the process of change is gradually going on, and I wan in great hopes that in a short time my hair will be as dark as formerly. I have also been much gratified at the healthy moisture and vigor of the hair, which before was harsh und dry; and it has ceased to come out as formerly. Respectfully yours,
