The Greatest Medical Discovery OF THE AGE. DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that

EVERY RIND OF HUMOR, from the worst scrolula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases; tooth thunder humon. He has now in possession over two hundred certaficates of its virue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore month. One to three bottles will cure the worst kind of Pimples on the face.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

Render, I goldled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I sever sold a bottle of it but that I sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first that it grows in our passures, in some places quite pleniful, and yet its value has never been known until I discovered it in 1866—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise rise great popularity of the discovery, I will state that in April, 183, I peddled it and sold about six bottles per day of it.

Some of the wholesale Druggists who have been in

April, 1833, I peached that sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it—There is a universal praise of it from all quarters. In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epilepine fits—a disease which was always considered mecarable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Heudache, Dyspepsia, Asthmin, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the kineys, &c., the discovery has done more good thain any medicine ever known.
