These Periodicals ably represent the three great political parties of Great Britain—Whig, Tory, and Radical,—but politics forms only one feature of their character. As Organs of the most profound writers on Science, Literature, Morality, and Religion, they stand as they ever have stood, univalled in the world of letters, being considered indispensable to the scholar and the professional man, while to the scholar and the professional man, while to the intelligent reader of every class they furnish a more correct and satisfactory record of the current literature of the day, throughout the world, than can be possibly obtained from any

The Greatest Medical Discovery

The Greatest Medical Discovery OF THE AGE. DR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that

EVERY KIND OF HUMOR, from the worst scrofula down to a common pimple.

He has tried it in over 1100 cases, and never failed except in two cases; (both thander humor.) He has now in possession over two hundred certificates of its virue, all within twenty males of Boston.

Two bottles are warranted to care a nursing sore mouth.

One to three bottles will cure the worst kind of Pimles on the face.

and a perfect cure is warrunted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I sever sold a bottle of it but that I sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first that it grows in our pastures, in some places quine pientiful; and yet its yplue has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise rise great popularity of the discovery, I will state that in April, 1853, I peddled it and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it—There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several carses of epiceptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several carses of dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headacle, Dysepsyna, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in diseases of the kidneys, &c., the discovery has done more good than any medicine ever known.
