Milliford, Worcester Co., Mass., Nov., 1855.

Prof. O. J. Wood—Dear Sir. I take pleasare in hearing voluntary testimony to the magic effects of your wonderful thir Restorative. As far back as 1836, my hair commenced falling off, until the top of my scalp became hald and smooth as glass, and it has continued to full for a great many years, notwithstanding. I have used many celebrated preparations for restoration. Seeing your advertisement, I was induced to give your article a trial, and to my atternshipment, found, after a few applications, that my initifference farmity set, and assumed a glossy and heautiful appearance; and by the time I had used a quart bottle, my but di head was covered over with a young and vigorous growth of hair, which is now from one to two inches in leight and growing fast.

Yours, truly,

Gents:—Nothing but a duty and sympathy that I feel to communicate to others that are afflicted as I have hern, would induce me to give this public acknowledgment of the benefit I have received from Prof. Wood's Hair Restorative. When I first commenced using it, my hair was quite gray, and in spots entirely hald. I have now used the Restorative about five months, and my hair is entirely changed to its original color, brown, and the new hair is over three inches in length on the spots where it was hald. I have also been much gratified at the healthy moisture and vigor of the hair, which before was dry, and it has ceased to come out us formerly.

Prof. Wood—Dear Sir—Having made truls of your Hair Restorative, it gives me pleasure to say, that its effects have been excellent in removing inflammation, dandruff, and a consumt tendency to itching, with which I have been troubled from my childhood, and has also restored the hair, which was becoming gray, to its original color. I have used no other article, with anything like the same pleasure and profit.

Yours, truly, J. K. BRAGG.

Whatis it for—This Wood's Hair Restorative?—Is a question asked daily by hundreds. We answer without hestiation or feur of contradiction, that it is the only article known which will do all it promises for the human hair. It will renew its growth—It will stop its failing—it will restore its natural color: It is not a Kair Dye, but a speedy and efficacious restorative. O J. WOOD & CO, Proprietors, 312 Broadway N. TO THOSE WHO WANT FARMS. A Farm Within the Reach of Every Man. THE RIDGWAY FARM COMPANY has made arrangements by which all who destre to settle or purchase a home can do so. The farms consist of the best limestone soil The farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pousing. The property is located in Elk Connty, Penna., in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plague of the west, fever, is unknown. It also has an abundance of the best quality of coal and iron. The price to buy it out is from \$3 to \$20 per acre, payable by instalments, to be located at the time of purchasing, or a share of twenty-five acres entitling to locate the same for \$300, payable \$6 per month, or 12½ acres for \$300, payable \$6 per month, or 121 acres payable \$4 per month. Discount for every sum of \$100 and under, paid in advance, a dis-

count of \$5 per cent. will be allowed, and for over \$100 a discount of 10 per cent. In considering the advantages of emigrating to this locality, the following are presented.

First...The soil is a rich limestone, capable of raising the heaviest crops, owing to which

land of inestimable value.

The eminent state geologist, Dr. Chas. T. Jackson of Boston, has made a geological survey of the land, and analysed the coal, the iron ore and the limestone. This report, to-gether with maps, will be furnished to inqui-

FOURTH - Three railroads are laid out through this property. The Sunbury & Eric Railroad gives us a market for our coal to the lakes--it runs from Erie to Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now work-ing from Erie towards our land in the western direction, the means for the completion of which has been raised-it will soon be finished. The Allegheny Valley Railroad connects us with New York, Boston and Pittsburg. The Venango Road connects us with the West.

There are already good turnpike roads run-ning though this property, various other roads have been opened to accommodate the emigration and settlement which has already taken There is no opportunity equal to it now offered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and independence in a climate PERFECTLY HEALTHY.

No case of the fever ever having been known to occur in this settlement. It is not like going to the backwoods of the west, among perhaps intolerant people, where there is no society, churches or schools, where the price of land is high, and where the emigrant, after being used to the healthiest climate in the world, has to endure sickness and pain, and perhaps ruins his health and that of his family. But here is a thriving settlement, having three towns, containing churches, schools, hotels, stores, saw mills, grist mills, and everything desired. There is a cash market at hand.— The lumber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will become still more valuable, as a number of iron works and manufactories will soon be started; they are at present starting them extensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy a farm to save their rising families from

want in the future, or to gain a competence by the rise which will take place in the value of lands. By an outlay scarcely missed, a substantial provision can be made. Persons should make early application, apply or write to E. Jeffries, Sec., No. 135 Walnut street, below Fifth, Philadelphia. Letters carefully answered giving full information.

Dr. Laverne's Victory Shoulder Brace Dr. Laverne's Victory Shoulder Brace This is an entirely new, and greatly improved article, combining all the advantages of a suspender and Shoulder Brace. It is light and elastic, equally adapted to the wear of either sex, and so constructed that it is impossible for them to bind under the arm, which has been one serious objection to nearly all the brace-a that have heretofore been used. It is highly approved by Physicians and Surgeons, as being conductive to health and gracefulness. Those who are subject to pain in the chest, disease of the Lungs, Heart or Stomach, symptoms of Consemption, we would advice to call at the Drug and Prescription Store, No. 3 Wolf's Row, and purchase one immediately.

CHAMPION.
The recent trials at Reading have endorsed the current of public opinion, and confirmed the verdict of more than 200 accidental fires, proving conclusively that "dierring," is the Only Safe that will not burn Extract from the Committee.

"On the 26th of February all the members of the committee met to witness the Sufes and books and papers, (placed in them,) and were perfectly satisfied that all was right. The day following, the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs Evans & Watson was first opened, the Safe of Messrs Evans & Watson was first opened, the Safe being on fire inside, and the contents in the Safe of Messrs. Farrels & Herring were in good contents partially concurned, while the contents in the Safe of Messrs. Firela & Herring were in good contents partially concurned.
