Five to eight bottles will cure the worst case of

rofuln, A benefit is always experienced from the first bottle, and a perfect curets warranted when the above quan-treat them.

A benefit is a way a scalar defined when the above quan-ity is taken. Reader. I peddled over a thousand boilles of this in the vicinity of Boston. I know the effect of it in every case. So sure us water will extinguish fire, se sure will this cure humor. I sever sold a boile of it but that I sold smother; after a true it a laways speaks for itself. There are two things about this herb that ap-pear to me sarprising; first that it grows in our pas-tures, in some places quite pirulful, and yet its value has never been known until discovered it in 1540-second, that it should cure all kinds of humor. In order to give some idea of the sudden rise rise great popularity of the discovery. I will state that in April, 1533, I peddled it and fold about six boiles per day—in April, 1534, I sold over one thousand bottles per day of it. Some of the wholesale Druggists who have been in business livering thering the series, say that nothing in

day - In Alini, Yoo, I you were into a not a bulleg per day of it.
Some of the wholesnle Druggleis who have been in basiness twenty and thirty years, say that nothing in the annals of patent medicines was ever like it—There is a unversal praie of it from all quarters.
In my own practice I always kept it strictly for harmors-but since it is introduction as a general family medicine, great snd wonderful variaes have. been found in that I never suspected.
Several cases of epileptic fats---a disease which was always considered meuruble, have been cured by a few tottles. O, what a mercy if it will prove effectual in all cases of that awful malady--likere are bat few who have seen more of it than I have.
Iknow of several cases of dropsy, all of them aged people, curet by it. For the various diseases of the Liver, Sick Headache, Dyspensin, Asthma, Fever and Ague, Pain in the Side, Diseases of the Bpine, and particularly in diseases of the kidneys, &c., the discovery inas done more good than any medicine ever known.
No change of diet ever naccaseyy-cat the best your get and enough of it.
