The subscriber having been taken with a very violant stuck of diarrhea, with cramps, it being in the middle of the night, and not wishing to cull a physician at that time. I happened to have a bottle of Ductress II. Boatey's Spiced Liquor in the house, to which I resorted und, to my susprise and pleasure, was completely cared by taking two doses, as directed. Thus state used it in my family and recommended it to my furnids, and, in all cases, it has acted the a charm. I therefully recommend it as, in my opinion, it is the lect article extant for the care of the complaints for which it is intended.

Al'egheny City, Pa.

I take this method of reccommending Dr. Hannah Bosley's Spiced Liquor to the public, as a certain cure for dyspephia. I had been laboring under the disease for orighteen months, and had tried different medicine-for it but of no avail, until I was provailed upon to try het Spiced Liquor. After noting one bottle and a half I hocame entirely cured. I hope those afflicted with this disease will give it a trial. E. A. Watts.

P. S.—Persons calling at the residence of Mrs. Bosley, need not be surprised at finding her a colored woman, at this is an undenable fact; but she trials it will.

hurning of the Iron Safegant Reading, February 27, 1257.

The undersigned, members of the commutee, do respectfully report, that we saw the two Safes oughnish agreed upon by Farrel & Herring, and Ivans & Watson, placed side by sade in 'a furnace, vir.' The Safe in use by the Paymaster of the Philadelphia and Reamong Raifroad Company, in his office at Reading, manufactured by Farrels & Herring, and the Safe in use by if A Lantz, in his store, manufactured by Ivans & Watson, and put in books precisely alike.

The fire was started at \$\frac{1}{2}\text{ o'clock A. M., and kept up until four cords of green hickory, two cords dry oak and half chestaut top wood were entirely consumed, the whole nuder the superintendence of the subscribers, members of the committee. The Safes were then cooled off with water, after which they were opened and the books and papers, taken out by the committee and sent to H.A. Lantz's store for public examination, after they were first examined and inarked by the Committee. The books and papers tiken from the Safe manufactured by Evans and Watson were but slightly affected by the intense heat while those taken from the Safe manufactured by Farrels and Herring were no our judgment damaged fully fifteen per cent, more than those taken now Evans & Watson's Safe.

LOT of Fresh Vanilla Beans, at Dr. E B. TO THOSE WHO WANT FARMS. A Farm Within the Reach of Every Man.

THE RIDGWAY FARM COMPANY has made arrangements by which all who destre to settle or purchase a home can do so.

The farms consist of the best limestone soil The farms consist of the best limestone soil of the most superior quality for farming, in a rapidly improving place, into which an extensive emigration is now pouring. The property is located in Elk Connty, Penna., in the midst of a thriving population of some 10,000. The climate is perfectly healthy, and the terrible plague of the west, fever, is unknown. It also has an abundance of the best quality of coal and iron. The price to buy it out is from \$3 to \$20 per acre, payable by instalments, to be located at the time of purchasing, or a share of twenty-five acres entitling to locate the same for \$300, payable \$6 per month, or 12\frac{1}{2} acres payable \$1 per month. Discount for every sum of \$100 and under, paid in advance, a discount of \$5 per cent. will be allowed, and for over \$100 a discount of 10 per cent.

In considering the advantages of emigrating to this locality, the following are presented.

First—The soil is a rich limestone, capable of raising the heaviest crops, owing to which this settlement has attained its present great

prosperity.

SECOND—It is the centre of the great northwest coal basin, and is destined soon to become one of the greatest business places in the state. It will supply the great Lake market, (according to population and travel the greatest in the Union.) It has five workable veins of the best bituminous coal, amounting in the aggregate to over 22 feet, which makes 22,000 tons of coal under each acre. This will make the land of inestimable value.

The eminent state geologist, Dr. Chas. T. Ledward & Rectan has made a geologist, us.

Jackson of Boston, has made a geological survey of the land, and analysed the coal, the iron ore and the limestone. This report, together with maps, will be furnished to inqui-

rers.
FOURTH —Three railroads are laid out through this property. The Sunbury & Erie Railroad gives us a market for our coal to the lakes—it runs from Erie to Philadelphia. A large part of this road has been finished, and is now in running order. A heavy force is now working from Erie towards our land in the western direction, the means for the completion of which has been raised—it will soon be finished. which has been raised—it will soon be finished. The Allegheny Valley Railroad connects us with New York, Boston and Pittsburg. The Venango Road connects us with the West. There are already good turnpike roads running though this property, various other roads have been opened to accommodate the emigra-

tion and settlement which has already taken

There is no opportunity equal to it now of-fered to the man who wants to provide himself a home in an easy way, and make a settlement where he can live in prosperity and indepen-dence in a climate PERFECTLY HEALTHY. No case of the fever ever having been known to occur in this settlement. It is not like going to the backwoods of the west, among perhaps intolerant people, where there is no society, churches or schools, where the price of land is high, and where the emigrant, after being used to the healthiest climate in the world, has to endure sickness and pain, and perhaps ruins his health and that of his family. perhaps runs his health and that of his family. But here is a thriving settlement, having three towns, contaming churches, schools, hotels, stores, saw mills, grist mills, and everything desired. There is a cash market at hand.—
The lumber trade last year amounted to over two hundred million feet of lumber. In a short time, owing to the coal, it will become still more valuable, as a number of iron works and manufactories will soon be started; they are at present starting them extensively at Warren. Even for those who do not wish to go there, the payments are such that they can easily buy a farm to save their rising families from want in the future, or to gain a competence by the rise which will take place in the value of lands. By an outlay scarcely missed, a substantial provision can be made. Persons should make early application, apply or write

Pennsylvania Central Railroad, and thence by stage to the land. This a delightful season to visit St. Mary's—the best hotel accommodation is afforded.
