What lady or gentlement would remain under the curse of a disagreeable breath, when by using the "Balm of a Thousand Flowers" as a dentifice, would not only render it sweet, but leave the teeth white as alabaster? WOOD'S HAIR RESTORATIVE—We have never known any other medicine win as large a share of public confidence in so short a time as this has done. It has not been more than a year since we first heard of it, and it now stands at the head of all remedies of the kind. We have never used any of it ourselves, having had no occasion, as our "crown of glory" not only as yet retains its original color. We advise such as are becoming prematurely gray, to give the "Restorative" a trial—Chetter, (Illinois) Herald, June, 1654.

IT HAS WORKED MIRACLES. THAT all the Bald and Gray can be restored perfectly to original growth and color, so far as their locks are concerned does not admit of doubt, besides, it will cure every possible disease of the scalp, whether developed as dandruff tiching or in the shape of cutaneous eruptions—even sendid-head—and in no possible case will it fail of cuting as if by magic, nervous or periodical headache, and if used twice a week by the young regularly, it will preserve the color, and keep the hair from falling, to any imaginable age. Read and judge. metered the age. Read and judge.

Millford, Worcester Co., Mass., Nov., 1855.

Prof. O. J. Wood — Dear Str. I take pleasure in hearing voluntary testimony to the magic effects of your wonderful flair Restorative. As far back as 1896, my hair commenced falling off, until the top of my scalp became bald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for restoration. Seeing your advertisement, I was induced to give your raticle a trial, and to my utter assonishment, found, after a few applications, that my larr became firmly set, and assumed a glossy and heauthful appearance; and by the time flad used a quart tocitic, my bald head was covered over with a young and vigorous growth of hair, which is now from one to two inches, let give had growing fast.

Yours respectfully, MRS. INGALLS.
The following is from the Pastor of the Orthodox Church, Brookheld.
Brookheld, MRS. Jan. 12, 1855.
Prof. Wood—Dear Sir—Having made trials of your thair Restorative, it gives me pleasure to ray, that its effects have been excellent in removing inflammation, dandruft, and a constant tendency to itching, with which I have been troubled from my childhood, and has also restored the hair, which was becoming gray, to its original color. I have used no other article, with anything lake the same pleasure and profit. Yours, truly, J. K. BRAGIG, From the Jersey City Telegraph.
WHAT1st Tron—This Wood's Hair Restorative—Is a question asked daily by hundreds. We answer without he-sination or lear of contradiction, that it is the only article known which will do all it promises for the human hair. It will renew it growth—it will stop its fulling—it will stop its fulling—it will set ore its natural color. I is not a liair Dye, but of J. Wetill & Co. Proprietors.
