The Fatners of the German Reformed Church,
IN EUROPE AND AMERICA.

BY Rev. II. Harbaugh. The publishers have the pleasure of announcing the appearance of this important work, so long looked for and so anxiously desired by the Charch. We need not say that this work cost the patient auther long and severe lubor, and the popularity of his other works is sufficient usurance that this is well done. It bears marks of having been prepared not only with literary ability and taste, but as a work of love by a grateful son of the Church.

and diste, but as a work of love by a same and the Church.

The first volume, beside the lives of thirteen of the Reformed Reformers, includes all the Fathers of the American Reformed Church previous to Schlatter's arrival; thus covering the earliest and most interesting period of the church in America, and that of which, intherto, least has been known. This volume of 400 pages was ready on the 27th of July.

The second volume will follow immediately, and will be ready in Autumn.

THE MEDICINE OF THE MILLION. PHILOSOPHY AND FACT. HOLLOWAY'S PILLS.

THE exciting cause of sickness. The blood is the hife-sustaining agent. It farnishes the components of flesh, bone, muscle, nerve and nitegument. The stomach is its manufactory, the veins its distributors, and the intestines the channel through which the waste matter rejected in its productions is expelled. Upon the stomach, the circulation and the bowels, these Pills act simultaneously, relieving indigestion, purifying the fluids, and regulating the exerctions. THE NATIONAL COMPLAINT.

Prof. WOOD'S HAIR RESTORATIVE.

IT HAS WORKED MIRACLES.

THAT all the Bald and Gray can be restored perfectly to original growth and color, so far as their locks are concerned does not admit of doubt; besides, it will cure every possible disease of the scalp, whether developed a dandruff itehing or in the shape of cutuneous eruptions—even scald-head—and in no possible case will the fail of curing as if by magic, nervous or periodical headache, and if used twice a week by the young regularly, it will preserve the color, and keep the hair from falling, to any imaginable age. Read and judge.

Millford, Worcester Co., Mass., Nov., 1855.

Prof. O. J. Wood—Dear Sir I take pleasure in bearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far back as 1820, which commenced falling off, and the top of my scalp became hald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated preparations for restoration. Seeing your advertisement, I was induced to give your article a trial, and to my inter assonishment, found, after a few applications, that my hair becurine firmly set, and assumed a glossy and beautiful appearance; and by the time I had used a quart bottle, my bald head was covered over with a young and vigorous growth of hair, which is now from one to two inches in let gli and growing fast.

HENRY GOODRICH.
Charleston. Mass. Aug. 9, 1855.

Gents:—Nothing but a duty and sympathy that I feel to communicate to others that are afficied as 1 have been, would induce me to give the public acknowledgment of the benefit I have neceived from Prof. Wood's Hair Restorative. When I first commenced using it, my hair was quite gmy, and in spots entirely bald. I have now used the Restorative about five months, and my hair is entirely changed to its original color, brown and the new hair is over three inches in length on the spots where it was bald. I have also been much gratified at the healthy moisture and vigor of the hair, which before was dry, and it has ceased to come out us formerly.

MRS R A. STODDARD.

From Mrs. Ingalls, a well known norse in Boston.

Gents:—At your request, and being so highly pleased with the effects of the Restorative, I am free to state that my hair had become quite thin, and entirely tehte. I have for the last five years been in the hight of using dye, but hearing of the extraordinary effects of this article. I was induced to try it. My hair has been restored to its original theckness, and also to its former color, which is tell brown.

Yours respectfully, MRS. INGALLS.

Clurch, Brook field.

Brook field. Mass., Jan. 12, 1855.

Prof. Wood—Dean Sir.—Having made trial: of your
Hair Restorative, it gives me pleasure to say, that
its effects have been excellent in removing inflammation, dandruff, and a constant tendency to itching,
with which I have been toubled from my childhood,
and has also restored the hair, which was becoming
gray, to its original color. I have used no other article, with anything like the same pleasure and profit.
Yours, truly, J. K. BRAGG.
From the Jersey City Telegraph.
Whatis it for—This Wood's Hair Restorative—Is a
question asked daily by hundred. We answer with
out hesitation or fear of contradiction, that it is the
only article known which will do all it promises for
the human hair. It will renew its growth—it will stop
its falling—it will restore its natural color! It is not
a fluir Dye, but a speedy and efficacious restorative.
