RESOLVING RUN MAD .--- It has become much too common to adopt "preambles and resolutions" on occasions which do not require them. The thing indeed is run into the ground. But the following caps the clinot have been made, for the peculiarly re- max of absurdity and verges on irreverence. A Subbath school attached to a church at Syracuse recently made an excursion to Little Sodus Bay. While enjoying the sail "the following preambles and resolution" were unanimously adopted:---

Whereas, Divine Providence, in his wisdom and goodness, having favored the Sahhath School of the Second Baptist Church of Syracuse, and the many citizens accompany-

ing them, with a lovely day on this excur sion, rendering the occasion agreeable and delightful to all, affording us the enjoyment of a healthy and refreshing ride over the

usually final one is lacking: Resolved, That a copy of these resolutions, signed by the President and Secretary, be

forwarded, Ac., &c. The Syracuse Standard thus describes the eturn voyage of these same excursionists: "Every pleasure has its pain. So thought

the Baptist Sabbath School Excursionists while returning home from Sodus Bay on Tuesday last. The lake was somewhat rough, and the schooners tossed about like cockle shells in a tempest. The little ones became sen sick, and most of the larger ones followed suit, until nearly the whole party joined in "feeding the fishes." To cap the climax of discomfort, a shower of rain took all the starch out of the white pants and dickeys, and wilted the articles and laces until the Sunday-go-to-meeting garments hung around each wearer as gracefunlly "As sea-weed round a clam."
