The most popular Monthly in the world.—New York Observer.

No Magazine in Europe or America is so well known; none has half as many readers; and, we may sufely any, none has received so large a tribute of indimination from the cultivated classes, that delight in a healthy, diversified, elevating periodical literature. It is the foremost Magazine of the day. The fireside never had a more delightful companion, nor the million a more entertaining friend, than Harper's Magazine.—Methodist Protestant. (Baltimore.)

Twenty-five cents buys it—the chempest, richest, and most listing luxury for the money that we know. Three dollars secures it for one year, and what three dollars ever went so fat? Put the same amount in clothes, eating, drinking, furniture, and how much of a substantial thing is obtained? If ideas, faces, and sentiments have a monetary value—above all, if the humor that refreshes, the pleusantries that bring a gentle smile, and brighten the passage of a truth to your brain, and the happy combination of the real and the imaginative, without which no one can live a life above the animal are to be put into the scale opposite to dollars and cents, then y-u may be certain, that if Harper were three or four times as dear, it would amply repay its price. It is a Magazine proper, with the idea and parpose of a Magazine—not a book, not a scientific periodical, nor yet a supplier of light goest and chatty anecdotes—but a Magazine that takes every form of interesting, denified, and attractive in its grasp.—Southern Tunes.

The volumes bound constitute of themselves a library of miscellaneous reading, such as cannot be found in the same compass in any other publication that that some under our notice.—Boston Courier. The most popular Monthly in the world .-- New York Observer

Prof. O. J. Wood — Dear Sir: I take pleasure in hearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far hack a: 1836, my hair commenced falling off. until the top of my scalp became hald and smooth as glass, and it has continued to fall for a great many years, notwithstanding I have used many celebrated pieparations for restoration. Seeing your advertisement, I was induced to give your article a trial, and to my utter assonishment, found, after a few applications, that my hair hecame firmly set, and assumed a glossy and beautiful appearance; and by the time I had used a quart bottle, my bald head was covered over with young and vigorous growth of hair, which is now from one to two mehes in leight and growing fast.

Gents:—Nothing but a duty and sympathy that I feel to communicate to others that are afflicted as I have been, would induce me to give this public acknowledgment of the benefit I have received from Prof.

Wood's Hair Restorative. When I first commenced using it, my hair was quite gray, and in spois entirely build. I have now used the Restorative about five months, and my hair is entirely changed to its original color, brown, and the new hair is over three inches in length on the spots where it was build. I have also been much gratified at the healthy moisture and vigor of the hair, which before was dry, and it has ceased to come out us fomerly.

Respectively your, Ac.,

Boston. Oct. 19h. I.

Gents:—At your request, and being so highly pleased with the effects of the Restorative. I am free to state that my hair had become quite thin, and entirely white. I have for the last five years been in the habit of using dee, but hearing of the extraordinary of the following is from the Pastor of the Orthodox Church, Brookfield.

The following is from the Pastor of the Orthodox Church, Brookfield.

Prof. Wood—Dear Sir—Having made trials of your Hair Restorative, it gives me pleasure to sny, that its effects have been excellent in removing inflammation, daudruff, and a constant tendency to itching, with which I have been twolled from my childhood, and has also restored the hair, which was becoming gray, to its original color. I have used no other arrivele, with anything like the same pleasure and profit.

From the Jersey Cny Telegraph.

What is to the Trial work Hair Restorative. In question asked daily by hundreds. We suswer without he sitiation or feur of contradiction, that it is the only article known which will do all it promises for the human hair.
