Hints For The Home Circle. SOLACE FOR THE SICK.

Science would lack the grand charm that sheds a halo over its labors, if the gentler sex were not made participants of the benefits it imparts. To that sex the medical discoveries of the distinguished philanthropist, Professor Holloway, have been singularly beneficial. For the complaints peculiar to the female organization, and which are borne with a fortitude rarely exhibited by man, Holloway's Pills have been for twenty years administered with wonderful success. In those crises of woman's life, the dawn of wothose two important epochs, the mild and those two important epochs, the mild and restorative action of this great remedy is attested by the strongest vouchers. Nor is Muslim, Flannels, Cheeke, or Ginghams, the Ointment less highly appreciated as a remedy for the eruptions and other external

beauty of woman. It is a terrible thing to see a beloved wife or daughter languishing under the attacks of disease; the lustre fading from her eyes, the rose from her cheek, and premature decrepitude prostrating her energies in the prime of life. Perhaps the innate sensitiveness and delicacy of her nature forbid her to disclose the cause of the difficulty, or if she seeks medical aid she finds little or no relief from stereotyped prescriptions. Furnished with Holloway's remedies she needs no professional adviser. The directions acquaint her with the manner of their use .-In the quiet seclusion of her own chamber she can be physician to herself, and will and everything in fact, that is kept in a well regulated soon learn, as millions have already learned, that she has found the true clixer vite. As the glow of health returns to her dimmed eyes, elasticity to her step, and cheerfulness to her heart, she will realize in her own feelings all that has been published of the experience of others, who suffered as she has suffered and have been restored by the

The subject is one on which it is difficult to be explicit, without trenching upon what are called the proprieties of life; but a sense of duty has impelled us to glance at one of the most valuable peculiarities of Holloway's remedies, and we feel assured that our motives will be appreciated .- N. Holloway's Pills—In chronic dyspepsia, where the stomach has become callous to all ordinary remedies, and stimulants fail either to provoke appetite or facilitate digestion, these Pills, by their simulatineous action upon the fluids which dissolve, assimilate and adapt to the purposes of nutrition the food taken into the system, will quickly impart a healthy tone to the whole physical machinery. Indigestion, and all its concomitants and consequences, including general debility, liver complaint, nausaea, pains between the shoulders, headache, low spirits, a feeling of oppression after meals, sleeplessness, languor, flutulence, bowel complaint, etc., are among the ailments invariably cured by a course of this inestimable remedy.

P. V. R. Coventry & Co.:—Gents—My daughter's affliction with ulcerated throat and stomach, palpitation of the heart, and nervous debility, in fact a complete derangement of the system, reudered her case almost hopeless, indeed, I have tried every syrup, balsam, and nostrum prescribed, with no avail, ustil afriend learned her case and sent her some of your "Hach's American Compound" by her brother. He was very confident that it would cure her. She very relucating tried it for a few days, but thinking it made her worse, because her stomach and throat smarted so, she said she would not take it for it hurt her, and laid it aside with her other medicines, until her friend (who knew of similar cases cured with the Compound) wrote her saying if she would follow directions strictly for one month, and it did not cure her he would forteit a small form. Well, she said she would give it a fair trial, for the was sure of the farm. Well, she used it fauthfully for a fornught, when she said she must give up the farm, for her throat and stomach had got well. The palpitation left her, in fact she was well. For the pash three mouths she has continued to gain strength, and has not enjoyed better health in eight vers.

You may make what use you plense of this for the penefit of like complaints. I have since seen the good effects of this Compound in other cases, and I truly intin too much cannot be said in its praise for all pervous and scrotla diseases. CURED BY WISTAR'S BALSAM.

Rend the following from the Kinderhook (N. Y.) Sentinel, dated July 31:—

"A remarkable cure of Consumption has recently been effected by this medicine, in the lown of Chatham, in this county, and which was related to us by Dr. Herrick, an eminent physician of that town, to whom we have permission to refer. A young lady who had long labored under an affection of the lungs, was considered by her frends as beyond the reach of medicine, and she was informed by her medical attendant that she must die. She was induced to send for a bottle of Wistar's Balsam of Wild Cherry, as a last resort. The young lady experienced great relief, and two more bottles were successively procured and administered. She is now happy in the restoration of health."

T. KINGSFORD & SON'S PURE OSWEGO STARCH, (FOR THE LAUNDRY.)

PURE OSWEGO STARCH,

(FOR THE LAUNDRY.)

LAS established a greater celebrity than has ever been obtained by any other Starch. This has been the result of its marked superiority in quality, and its invariable uniformity.

The public may be assured of the continuance of the high standard now established.

The production is over Twenty Tons daily, and the demand has extended throughout the whole of the United States, and to foreign countries.

Working thus on a very large scale, and under a rigid system, they are able to secure a perfect uniformity in the quality throughout the year. This the great Desideratum in Starch-making, and is realized now for the first time.

The very best Starch that can be made, and no other is always wanted by consumers, and this will be supplied to them by the grocers as soon as their customers have learned which is the best, and ask for inotherwise they would be likely to get that article on which the largest profit can be made.

Mr. Kingsford has been engaged in the manufacture of Starch continuously for the fast 27 years, and during the whole of the period, the Starch made under his supervision has been, beyond any question, the best in the market. For the first seventeen years, he had the charge of the works of Wm Collegite & Co., at which period he invented the process of the manufacture of Corn Starch.

L'Ask for Kingsford's Starch, as the name Oswego has been recently taken by another factory.

It is sold by all of the best grocers in nearly every part of the country.

T. KINGSFORD & SON'S

OSWEGO CORN STARCH,

(FOR PUBDINGS, &C.,)

Has obtained an equal eclebrity with their Starch for the Laundry. This article is perfectly pure, and is, in every respect, equal to the best Berninda Arrow Root, besides having additional qualities which render it invaluable for the dessert.

Pointo Starch has been extensively packed and sold as Corn Starch, and has given false impressions to many, as to the real ments of our Corn Starch.

From its great delicacy and purity, it is coming also nto extensive use as a det for infants and invalidation to extensive use as a det for infants and invalidation.
