manity, an interpreter whose former deeds and general character would everywhere secure a favorable audience for whatever new ideas he might choose to lay before the assembled congregation of mankind, it is to Holloway that we should of necessity apply. He, indeed, has turned philology to good account; and his reward is this,—that it enables him to understand the manifold and ceaseless songs of benediction and gratitude which arise to him from the full hearts of the millions his Universal Remedies have rescued from the very jaws of the grave.

This indeed is the most pregnant triumph of philology, and by far the most useful purpose that the possession of many tongues has hitherto been applied to. All honor to Professor Holloway, and may he long continue to dispense his Universal Remedies to the multiform and many-colored multitude who have been taught by experience to look up to him as their medical redeemer.—*N. Y. Nat. Police Gazette.*

☞ *Holloway's Pills*, in spite of the prejudices of medical martinets, have found their way into the leading hospitals and dispensaries of Europe, and are now the established family medicine of all classes in the United States. Upon the stomach and liver, which prepare and temper the blood, upon the organs which transform it in the process of respiration, and upon the excretory vessels, which discharge from the system the residuum not required for the purposes of nutrition, these pills operate in an almost miraculous manner, regulating, invigorating, cleansing, and fortifying the whole physique. In bilious disorders, dyspepsia, asthma, dizziness, dysentery, sick headache, constipation, general debility, and complaints peculiar to females, their effect is astonishing.

GREAT IMPROVEMENT IN MEDICAL PREPARATIONS.

No medicine of this or any age has met with such unrivalled success in overcoming disease, as "Bach's American Compound." The enquiry is, what could render that Compound so great a curative, when all others have failed. It is because the vegetable matter which composes it is rendered into a liquid state by a new and remarkable apparatus, discovered by, and known only to the proprietor of this remedy. Vitiated humors of the blood, Bronchitis Ulceration of the Throat, Stomach or Bowels, Dyspepsia, Chronic Inflammation of any membrane of the system, entirely disappear before a timely use of this medicine.

Bach's American Compound owes its success to the intrinsic curative properties of the vegetables which compose it. It contains a *"Compound Fluid Extract of Beach Drops or Cancer Root" now first given to the Public*, long known to the Indians as a never failing cure for Scrofulas, Consumption, Humors of the Blood, and chronic diseases in any part of the system. This medicine can now be had of all reliable dealers in the United States and Canada. See advertisement in another column.

☞ We call attention to Prof. Wood's "Hair Restorative" advertisement. Without doubt the only remedy that can restore the hair to its prisine quality, and has given universal satisfaction. The Professor has the testimonials of hundreds of cases cured by this infallible restorative, and we can cordially recommend it to all who need to use this valuable preparation.—*Cincinnati Daily Sun.*

EFFECTS OF TOASTING A BEAUTY.—Speaking of a beautiful brunette belle of an Illinois city, a friend accounts for the brownness of her complexion by the fact that she had been so often *toasted*. She was, we suppose "done brown," which suggests the fact, that in the way of coats, vests and pants, the toast in fashionable circles is the garments made at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chesnut street, above Sixth, Philadelphia.

PROFESSOR O. J. WOOD'S

HAIR RESTORATIVE.

FOR producing hair on Bald Heads, and restoring Grey Hair to its natural color

This astonishing and unequalled preparation has never failed to produce a growth on Bald Heads, when used according to the direction, and turn hair back to its original color, after having become gray, and reinstate it in all its original health, lustre, softness and beauty. Remove, at once all scurf, dandruff and unpleasant itching, scrofula, eruptions and feverish heat from the scalp. It also prevents the hair from becoming unhealthy and falling off, and hence acts as a perfect Hair Invigorator and Tonic.

A gentleman of Boston writes to his friend in New Bedford thus:

To your inquiries, I would reply, that when I first commenced using Professor Wood's Hair Restorative my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very harsh, and parched and dry; but I found in a few days I had used all the second bottle, (which was eight weeks) my hair was entirely changed to its original color, light brown, and is now free from dandruff and quite moist. I have had my hair cut twice or six times since the change, and have never seen any thing like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish to ask.

July 1, 1855. Yours, etc.——

From the Boston Herald.

SOMETHING WORTH KNOWING.—By using Professor Wood's Hair Restorative, gray hair can be permanently restored to its original color. The subjoined certificate from Johnson & Stone, Gardiner, Maine, is but one of the many instances that are daily coming to our knowledge, of its wonderful effects. It is no longer problematical, but a self-evident truth, as hundreds in our community can testify.

Gardiner, Maine, June 22, 1855.

DEAR SIR: I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, respectfully, DANIEL N. MURPHY.
Professor O. J. Wood.

Brookfield, Massachusetts, Jan 12, 1855.

DEAR SIR:—Having made a trial of your Hair Restorative, it gives me pleasure to say that its effect has been excellent in removing unhealthy humors, dandruff, and in checking the itching tendency with which I have been troubled from childhood; and has also restored my hair which was becoming gray, to its original color. I have used no other until he with any like the pleasure and profit. Yours, truly,

K. BRAGG,
Pastor of the Orthodox Church, Brookfield.
Professor Wood.

From the Missouri Democrat

WOOD'S HAIR DYE.—This admirable article is rapidly improving the hair. No article of a similar kind, now before the public, enjoys a better reputation or is more extensively and increasing hair tonic. Its peculiar chemical qualities have a beneficial effect upon the growth and character of the hair, giving a silky and glossy texture to that which was formerly of a coarse and dry nature. It has, also, we understand, a tendency to preserve the youthful color and appearance of the hair, and destroying or counteracting the effects of age. With such recommendations in its favor, we hardly perceive how any lady or gentleman should be without so valuable an adjunct to their toilet.

CHEOPLASTIC PROCESS

Of Mounting Artificial Teeth.

PATENTED by Dr. Blaudy, formerly Professor in the Baltimore College of Dental Surgery, is certainly one of the greatest discoveries of the present age, and destined to work a great change in mechanical dentistry.

The undersigned having used the Cleoplastic Process in more than forty cases, with perfect success; not one having failed to give entire satisfaction, is being preferred to gold plate by all who have tried both, feels no hesitation in recommending it as superior to any other method of mounting artificial teeth heretofore known. The same accuracy in fitting, perfect cleanliness, beauty and durability, cannot be obtained by any other process.

Partial sets can be inserted with perfect success, without the use of clasps which are so destructive to the natural organs, and ought to be discontinued by every operator regarding the good of his patients.

Professor Thomas Bond, of the Baltimore College of Dental Surgery, after examining and using the Cheoplastic Process" for himself, in a letter to Dr Blaudy, says, "My opinion is, that your patent in the hands of skillful operators, must supersede all others now in use, for it has advantages over all of them, but none has any avantages over it."

The public are respectfully invited to call at the office of the undersigned, who alone is authorized to practice the Cheoplastic Process in Lancaster city, and to dispose of office rights in the counties of Lancaster, Chester, Berks, Dauphin and York.

THE WONDER OF THE AGE!

J. M. LINDSEY'S Great Medical Discovery! which is a purely *vegetable preparation*, for the purifying of the blood, giving vigor to the liver, stomach and bowels, and expelling from the system all morbid matter, and substituting in its stead a healthful activity through all the functions of life.

HOW IT WAS DISCOVERED!

In the fall of 1851 a daughter of Mr. Lindsey was suffering from a malignant attack of Cancrum Oris (Canker of the mouth.) She had previously been prostrated by the attacks of Dysentery, Inflammation of the Lungs and Hectic Fever, successively, which resulted in the above named disease in its worst form. Her condition was most deplorable—her mouth and cheek were literally rotten—the attending physician pronounced the case a hopeless one. Everything indicated a speedy and horrible death—the death of rotting out of life! At this critical juncture, Mr. Lindsey prepared a compound for the purpose of alleviating, if possible, the pains of the little sufferer. She was made to use it freely, and in a short time to his most delightful astonishment, there was a very perceptible change for the better. The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appetite was restored, and the child seemed to partake of a new and fresh life.

Hope was inspired, and the use of the compound was faithfully continued, the result of which, with the blessing of God, was her complete restoration. She is now perfectly healthy! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so astonishingly cured his child, and continued his experimental efforts until he succeeded in bringing to perfection his great *Great Remedy for Blood Purification*—since which time its effects have been almost miraculous. Hundreds upon hundreds, by it, have been snatched from an untimely grave and restored to the sweets of health and the endearments of friends. The young and old have tested its saving powers and sing aloud its virtues, say they—after using Lindsey's Improved Blood Searcher, we felt as if a new life was stirring our veins, and under God we owe to it more than words can express."

But hear from their own lips and then judge of its valuable effects. The few testimonials that follow show that it is deservedly styled the Great est Discovery of this or any other age.

Hollidaysburg, Blair county, Pa.

CERTIFICATES.

Puttonville, Bedford co., Pa., Oct 14, 1857

MR. J. M. LINDSEY—DEAR SIR:—I was severely afflicted with rheumatism for a whole year—nine months of which time I was not able to leave my bed—when hearing of the wonderful effects of your Improved Blood Searcher, I determined to procure some of it and give it a fair trial. After using three bottles I was able to walk around again as usual, and am now wholly cured. I can recommend it to all who are similarly afflicted, and believe it is all it claims to be. Yours, truly,

A Desperate case of Tetter and Barber's Itch, cured by the use of Lindsey's Blood Searcher.—The undersigned, some time in last March, was severely afflicted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's Itch. My condition was one of the greatest misery; my face was almost constantly running with the foul corruption that escaped from the ulcerations, by which I was almost completely covered. After being under the care of my physicians for near two months, without the least benefit, I was induced to make a trial of Lindsey's Blood Searcher, and the result was that in using one bottle and a half I found a perfect cure. I may also say that I eagerly tried whatever was recommended as a cure. Such was my wretchedness that I even resorted to the dangerous experiment of pouring pure creosote on my face and neck, but all to no purpose—the Blood Searcher was the first and only thing that did me any good. As a blood purifier it is unequalled, and I have great reason to be grateful that I ever made a trial of its healing virtues, and I can confidently recommend it to any who may suffer from Tetter, or any other disease arising from an impure state of the blood. JOHN DELEHUNT.
Hollidaysburg, Pa., July 29, 1857.

An interesting case of scrofula cured by one bottle of Lindsey's Blood Searcher. The certificate that about one year ago our little son aged four years, was most sorely afflicted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, but without the slightest benefit. His eyes were running a thin watery humor almost constantly; which would excriate his eyes beyond the power of opening them until they were washed and cleaned by soap and water. About the same time an abscess formed just below the groin, which in due time broke and commenced a discharge, which was found impossible to dry up or heal—the lad would be very much stunted and the clothing of the child perfectly sickening in a single night's time. After having the attentions of a physician for so long a time, and finding the child to be getting worse, we determined to try the effects of Mr. Lindsey's Blood Searcher. This was in last March—and before two weeks had passed away the change was manifest, and I am happy to say that in the use of a single bottle our little boy has been perfectly restored to health. We cannot speak too highly of this invaluable medicine, it should be in every family—none should be without it. As a purifier of blood it is beyond all price.

DR. J. M. LINDSEY—DEAR SIR:—I have been using your Improved Blood Searcher since some time last summer, and I deem it to be a matter of duty to bear my testimony to its invigorating blood restorative virtues. I have been, for a number of years, severely troubled with erysipelas and general debility; but since I put myself under the influence of your Improved Blood Searcher, I find a very decided improvement. Indeed, my acquaintance frequently remark, that I look so fat and hearty, and know of not other cause than the use of your Improved Blood Searcher. Judging from my own experience, I believe that this is one of the most valuable medicines that woman can use, especially those who are or have entered upon the decline of life. (From 40 to 50 years of age.) I feel that it would have been above ingratitude on my part to have withheld this testimony, and in thus consenting to appear as a witness before the public, I have been actuated solely with reference to the sanction of conscience and duty.

You are at liberty to make whatever use you may deem proper of this statement.

Yours, respectfully,
MARGARET W C DONNELL.

Liver Complaint cured by Lindsey's Improved Blood Searcher:

Blair County, ss.—Personally appeared before me, one of the Justices of the Peace, in and for Blair county, George Kopp, who, being duly sworn according to law, doth depose and say, that, in the spring of 1856, I was a victim to that worst of diseases—constant cough loss of appetite, chills, night sweats, and very subject to take colds. I at length became so weak that I could hardly walk; my physicians did me no good. Sometime last fall, I commenced taking Lindsey's Improved Blood Searcher, and by the use of two bottles was perfectly cured. I feel, to recommend it to all who suffer from liver diseases, general debility, loss of appetite, and other diseases arising from impurity of the blood. I would not like to do without it. I consider it an excellent family medicine. (Signed,) GEORGE KOPP.

Sworn and subscribed this 16th day of March, A. D., 1857, before me. J GORLEY, J P.

NOTE.—Mr Kopp is a resident of Frankstown, and is well known to the citizens of Blair and Bedford counties as a man of excellent character and influence.

A desperate case of Ague and Dyspepsia, entirely cured by the use of Lindsey's Improved Blood Searcher."
