OXYGENATED BITTERS.

1 Read the following letter from Caleb Parker, Baq, of Concord, N. H., a man honored and esteemed by all who know him:—

Gentlemen,—With no disposition to make my name conspicuous. I take the opportunity to state to the afflicted the benefit I have derived from the use of Dr. Green's Oxygenated Buters, and to recommend them to others. For two years I have been troubled with indigestion and its attendant evils, such as flatulency, constitution, severe attacks of diarchea, accompanied with water brash at the stomach, which reduced me in flesh, strength, and spirits, so low that I was nearly unfitted for busness. I applied to several physicians from whom I obtained only temporary relief, I concluded, with the advice of friends, but without the least faith in their efficact, to try the Oxygenated Bitters, from the use of which I found immediate relief, having no return of water brash after taking the first portion. My weigh has necreated some thirty-five pounds, and my health is perfect. I can truly say that I consider the Oxygenated Bitters, the best tonic extant. I have recommended them to several, who have invariantly found great benefit from their use. Yours respectfully.

GREAT IMPROVEMENT IN MEDICAL

GREAT IMPROVEMENT IN MEDICAL PREPARATIONS.

No medicine of this or any age has met with such univalled success in overcoming disease, as "Bach's American Compound." The enquiry is, what should render this Compound so great a curative, when all others have failed. It is because the vegetable matter which composes it is rendered into a hquid state by a new and remarkable apparatus, discovered by, and known only to the proprietor of this rendered, Viriated humors of the blood. Bronchitis, Cleeration of the Throat, Stomach or Bowels, Dyspepsia or Chronic Inflammation of any membrane of the system, entirely disappear before a unely use of this medicine.

Bach's American Compound owes its success to the intrinsic curative properties of the vegetables which compose it. It contains a "Compound Fluid Extractof Beach Prop or Cancer Root," now first given to the Public, but long known to the Induans as a never for Secrofilas, Consumption, Humors of the Blood, and chronic diseases in any part of the system. This medicine can now be had of all reliable dealers in the United States and Canada. See advertisement in another column.

PROFESSOR O. J. WOOD'S HAIR RESTORATIVE. TOR producing hair on Bald Heads, and restoring Grey Hair off natural color. This associating and unequalled preparation has never fatted to produce a growth on Bald Heads, when used according to the direction, and turn hair back to its original color, after having become gray, at direction that it is all the same and the same the same production of the same production and unpleasant techniq, serofula, cruptions and feverals the safe from becoming unhealthy and falling off, and hence acts as a perfect Hair Invigorator and Tome.

A gentleman of Boston writes to his friend in New A gentleman of Boston writes to his friend in New Bedford thus:

To your inquiries, I would reply, that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my hend, and very loose, and pulled out freely; but I found that before I had used all the second bottle, (which was eight weeks) my hair was entirely changed to its original color, light brown, and is now free from dandouff and quite most. I have had my hair cut five or six times since the change, and have never seen my thing like which hair starting from the roots; and it is now as the k as it ever was, and does not come out at ail. It has proved in my case all that leouble wish to ask.

From the Boston Herald. SOMETHING WORTH KNOWING —By using Professor Wood's Hair Restorative, gray hair can be permanently restored to its original color. The subjoined certificate from Johnson & Stone, Gordiner, Manne, is but one of the many instances that are dutly coming to our knowledge, of its wonderful effects. It is no longer problemanteal, but a self-evident truth, as hundreds in our community can testify.

WOOD'S HAIR DYE—This admirable article is rapidly improving the hair. No article of a similar kind, now before the public, enjoys a better reputation as a restorative and invigorating hair tonic. Its peculiar chemical qualities have a beneficial effect upon the growth and character of the hair, giving a silky and glossy texture to that which was normely of a coaste and dry nature. It has, also, we understand, a tendency to preserve the youthful color and appearance of the hair, and destroving or counterneting the effects of age. With such recommendations in is favor, we hardly perceive how any lady or gentleman should be without so valuable an adjunct to their totals.

Everything indicated a speedy and horistic deaths—the death of rotting out of lite! At firs critical juncture, Mr. Lindsey prepared a compound for the purpose of alleviating, if possible, the pains of the little sufferer. She was made to near threety, and in a short time to his most delodifial astomishment, there was a very perceptible change for the better. The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appentit was restored, and the child seemed to partake of a new and fresh life.

Hope was inspired, and the use of the compound wasfaithfully continued, the result of which, with the blessing of God, was her complete restoration. She is now perfectly health? A Desperate case of Tetter and Barber's lich, cured by the use of Lindsey's Blood Searcher. I, the understand, some time in last March, was severely afficient with what was pronounced by my physicians to be a certain kind of Tetter and Barber's lich. My condition was one of the greatest misery; my face was almost constantly maning with the foul corruption that eccaped from the tubercies, by which it was almost constantly maning with the foul corruption that eccaped from the tubercies, by which it was almost combined your and most two months, without the least benefit. I was induced to make a trail of Lindsey's Blood Searcher, and the result was that in using one bottle and a half I found a perfect cure. I may also say that leagerly tried whatever was recommended as a cure. Such was my wretchedness that I even resorted to the dangetous experiment of pouring pure crossole on my face and neek, but all to no parpose—the Blood Searcher was the first and only thing that did me my good. A desperate case of Ague and Dyspepsia, entirely cared by the use of Landsey's "Junproved Blood Searcher" A desperate case of Ague and Dyspepsia, entirely cared by the use of Lindsey's "Improved Blood Searcher."

Blair County, 3s.—Personally appeared before me the subscriber, one of the Justices of the Peace, in and for said county, John Moran, who, being duly sworn a coording to law, doth depose and say, that, in the spring of 1856. I was a vicini to that worst of discussed by the same completely gone, and when, in order to preserve was completely gone, and when, in order to preserve life. I would force myself to swadow a monthful of food, the stomach would immediately loathe it, and cast it forth with the spite. I had also been suffering with the Ague, each attack lasting about time monther out of the twelve, so that, with the Ague and Dyspepsia, I was reduced as I thought beyond recovery. I thought I must due, so that I emply the stand could do me no good. Such was my condition, when Mr. Lindsey supplied me with a bottle of his improved Blood Searcher, assuring me it would work a cure. I commenced it messes with but lind confidence but, in one weeks into the other confidence of the confidence of the proved thood Searcher, and in one is healthing touch the ague fled as from a charm, nor have I been troubled of an into the confidence of the distribution. I had done for fifteen years before; I will also the invaluable Improved thood Searcher I believe it not to be only a sure trenedy for ague, but an infallable preventive, and, as such I would recommend it to all whose his messes habite, or residence, expose them to this dreadial pest of humanity. Dyspepsia cannot stay where the Improved Blood Searcher is properly used. I teel it my duty to point all who suffer to this all fielding medicine.
