The whole amount of insurance, as above stated represents three-fourths the estimated value of the insured property. The amount of Premium Notes represents the rates chargeable on three-fourths of the estimated value of property. The amount of losses to the Company for the year, is nine thousand two hundred and seventy-one dollars and twenty cents, ($9,271 20,) which includes the losses of the house of John Sigle on his Cabinet-maker shop and contents, insured for $400,00, and Christian Overholtzer on his barn and contents, insured for $175 00, a full account of other losses to the Company during the year, was published in the weekly papers of the county, in the month of November.

It is cause for gratulation to the members of the Company that the losses in the present year are $5,500 less than last year, and when it is considered that the estimated value of property insured in this Company is about eight millions of dollars, ($8,000,000,) the losses to the Company have been comparatively small. It is, however, a source of regret and alarm, that nearly three-fourths of the amount of losses for the year, are supposed to have been occasioned by incendiaries and that in every instance without being able to discover the guilty ones.

A few years ago, when a large amount of property had been unmistakably destroyed by incendiaries, a great deal of alarm and anxiety prevailed in the neighborhood, meetings were called to devise some plan that would lead to their detection. Among other things done, it was recommended to the Board of Directors to offer a large reward, equal in amount to one-half of the property destroyed, which was done, but failed in its purpose.

The last assessment of 3¼ per cent, made in November, and the only one for the year, will be sufficient to pay for all losses during the year. The Board availed themselves of the opportunity to borrow money from individuals, to pay for losses, as they occurred, in order to avoid the necessity of making more than one assessment for the year; the interest of the money borrowed, being less than the expenses incurred in making an assessment. The Board would take this opportunity to again notify members of the Company who may have neglected to pay their assessments, that the time for the payment of the same will be extended until the 15th of February next, after which time, delinquents will be called upon by a collector, duly authorized to collect the same, and they will be subject to the payment of mileage as usual. All of which is most respectfully submitted.

THOMAS S. WOODS, President.

NATHANIEL E. SLAYMAKER, Secretary.

The following named persons were elected Directors for the ensuing year, viz: Thomas S. Woods, Adam K. Witmer, George L. Eckert, John M Ruyers Samuel Slokom, Henry Keneagy, John Rauck, Moses Ely and Nathaniel E. Slaymaker. (Jan. 23, 1858.

It is, however, a source of regret and alarm, that nearly three-fourths of the amount of losses for the year, are supposed to have been occasioned by incendiaries and that in every instance without being able to discover the guilty ones.

A few years ago, when a large amount of property had been unmistakably destroyed by incendiaries, a great deal of alarm and anxiety prevailed in the neighborhood, meetings were called to devise some plan that would lead to their detection. Among other things done, it was recommended to the Board of Directors to offer a large reward, equal in amount to one-half of the property destroyed, which was done, but failed in its purpose.

The last assessment of 3¼ per cent, made in November, and the only one for the year, will be sufficient to pay for all losses during the year. The Board availed themselves of the opportunity to borrow money from individuals, to pay for losses, as they occurred, in order to avoid the necessity of making more than one assessment for the year; the interest of the money borrowed, being less than the expenses incurred in making an assessment. The Board would take this opportunity to again notify members of the Company who may have neglected to pay their assessments, that the time for the payment of the same will be extended until the 15th of February next, after which time, delinquents will be called upon by a collector, duly authorized to collect the same, and they will be subject to the payment of mileage as usual. All of which is most respectfully submitted.

THOMAS S. WOODS, President.

NATHANIEL E. SLAYMAKER, Secretary.

The following named persons were elected Directors for the ensuing year, viz: Thomas S. Woods, Adam K. Witmer, George L. Eckert, John M Ruyers Samuel Slokom, Henry Keneagy, John Rauck, Moses Ely and Nathaniel E. Slaymaker. (Jan. 23, 1858.

REPORT OF THE COUNTY AUDITORS.

We, the undersigned Auditors of Lancaster county, do certify that we have carefully examined the foregoing account of Charles M Howell, Esq., Treasurer of said county, and have compared his vouchers with the same, and find there is a balance in his hands of sixteen thousand seven hundred and twenty-four dollars and fifty-nine cents. ($16 724 59.) for which sum he has shown us the receipt of Daniel Herr, (Pequea,) the present Treasurer.

We have examined the account of Hugh S Gara, Esq., Treasurer of the Board of Prison Inspectors, and find it correct, showing a balance due the Board on the 4th day of January, 1858, of one hundred and twenty-five dollars and eighty-seven cents. ($125 87.)

We have also examined the account of William Gorrecht, Esq., Treasurer of the poor and house of employment of Lancaster county, and find a balance in his hands, on the first day of January, 1858, of one thousand one hundred and twenty-six dollars, and twenty-seven cents. ($1,126 27.)

The liabilities of the County for individual loans, at the present time, at 5 per centum, per annum, amount to $140 000, deducting the above amount of funds in the County Treasurer's hands. ($16 724 59) which sum is applicable to the discharge of the liabilities, would show an indebtedness of $123,000. The amount of outstanding taxes is $11,418 72.

In witness whereof, we have hereunto set our hands at the County Commissioners' Office, this 22nd day of January, 1858.

JACOB S. WITMER,
JOHN KURTZ,
THOS. C. COLLINS,
Auditors of Lancaster County.

HERRING'S SAFE!

THE ACKNOWLEDGED CHAMPION.

The recent trials at Reading have endorsed the current opinion and confirmed the verdict of more than 200 accidental fires, proving conclusively that "Herring's" is the Only Safe that will not burn

EXTRACT from the Committee's Report on the Trial of Iron Safes at Reading:

"On the 26th of February all the members of the committee met to witness the Safes and books and papers, (placed in them,) and were perfectly satisfied that all was right. The day following the burning took place, under the superintendence of the Committee. After a fair and impartial burning for five hours, the Safe of Messrs. Evans & Watson was first opened, the Safe being on fire inside, and the contents partially consumed, while the contents in the Safe of Messrs. Farrel & Herring were in good condition, and no fire inside."

Reading, March 2, 2-57.

(Signed.) H. F. FELIX,
P. N. COLLMAN, } Committee.
A. H PEACOCK }

And endorsed by over 50 of the best men of Reading.

The above Safes can be inspected at 34 Walnut Street, where the public can satisfy themselves of the great superiority of the "Herring's Patent Champion," over the defeated and *used up* inside Iron Door Salamander."

FARRELS & HERRING
31 Walnut Street, Philad'a

Only makers in this State of Herring's Patent Champion Safes.

The attempt made by other parties to bolster up the reputation of a Safe which *has failed* so signally in *accidental fires* in Philadelphia (Removal Place) by taking one out of an agent's store, (H A Lantz,) made *double inclosure*, different from those they sell) to "burn up" one of Herring's, (but as thick) has met with its true reward. Herring's *Safe could not be burnt*, proven conclusively than the only reliable Safe now made is "*Herring's*," of which over 15 000 are now in actual use, and more than 200 have been tried by fire *without a single loss.*

J. J. SPRENGER. W. M. WESTHAEFFER.

HAVING just received their Fall Stock of Books, Stationery, &c., are now prepared to hold out inducements to the public such as have never been offered in the history of Lancaster Book Stores.

The liberal encouragement extended by the public, since we are in business, has spurred us to renewed energy. To sell books as low as the lowest and as good as the best, is now our aim. In consequence of the stringency in the Money Market and the extreme low prices at which Books, Stationery, &c., are sold at the late Trade Sales in Philadelphia and New York, Teachers of Public Schools will find
