It is true that the lot of the editors here below, is a hard one. He, of all men, is the recipient of the slings and arrows of outrageous fortune. There are exceptions, but they are rare. The editor is neither paid not appreciated. But in that distant happy "In the land of the herenfter,"

the editor will be all right. There he will have a front scat and be somebody; there the terrible words "copy" and "stop my paper," will never disturb him; there "patrons" will not swindle him out of subscriptions and job work, nor bores steal his exchanges; Greater Charles there he will not be compelled to call attento the "advertisement" of Stimkins, the wellhnown pea-nut man, nor say "success" to Grig Jacob Podgers, the urbane boot black; there sand Hackmon G W guinary compositors can't swear at his manuscript; there the difficulty now unhap-lieller Marun pily existing between himself and that vile Henry Robert and hireling press up the street, will be amicably settled; there he will not be compel- Knuth led to nail another fulsehood, to urge the importance of one vote, nor beseech the patriotic men of his side to buckle on their armor and vote early. There, in short, the editor may wear good clothes and be happy.

A Cure for Whooping Cough.

A Cure for Whooping Cough.

S. Hyachtelle, Canada E. Aug. 21, 1856.

Messre, Seri W. Fowle, & Co.—Gendemon.—Several months since, a little daughter of mine, ten years of age, was taken with Whooping Cough in a very aggravated form, and nothing we could do for her seemed in my way to relieve her suffering. We at length decided to try a bottle of your Dr., Wistar's Balsam of Wild Cherry. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it full in effecting a speedy cure.

You are at liberty to make any use of the above your Balsam I shall be glad, for I have great confidence in it. Proprietor of the Courier de St. Hyacinthe. Buy none without the signature of I. BUTTES.

THE WONDER OF THE AGE! M. LINDSEY'S Great Medical Discovery! which is a purely receivable preparation, for the puritying of the blood, giving vigor to the liver, sho much and be well, and expelling from the system all more probabilities in stead a nearthful netweet which the transfer of the court of the system and the transfer of the system and t

morbid matter, and substituting in a stead a leading fal activity through all the functions of life.

HOW IT WAS DISCOVERED!

In the fall of 1534 a daughter of Mr. Lindsey was unfering from a madignant attack of Caneron Oric(Canker of the mouth). She had previously been prostrated by the attacks of Dysentery, Inflammation of the Langs and Heetic Fever, successively, which created in the above named disease in its worst form Her condition was most deplorable—her mouth and cheek were literally rotten—the attending physician promounced the case in hopeless one. Everything indicated a speedy and horrible death—the death of rotting out of life! At this critical juncture, Mr. Lundsey prepared a compound for the purpose of alleviating, if possible, the pains of the little sufferer. She was made to use it freely, and in a short time to his most deloghtful astonishment, there was a very perceptible change for the better. The mouth began to put on a bright and healthy appearance—the four heralth became sweet—the appetite was restored, and the child seemed to particke of a new and fresh life. Hope was inspired, and the use of the compound was furthfully continued, the result of which, with the ideasing of Good, was fire complete restoration. She is now perfectly healthly! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so astonishmely cured his clind, and continued his experimental efforts until he succeeded in britinging to perfection his great Great Rendy for Elodd Impurity—stree which time he effects have been almost intraculous. Hundreds apon kindered to the sweets of health and the cadearinems of friends. The young and old have ested it saving powers and sing aloud its circues, Say they—cancer using Landsey's Improved Blood Searcher, we let as if a new life was strring our venus, and under God we owe to it more than wordsen express."

But hear from their own lips and then judge of its valuable effects. The few testimonnals that follow show that it it deservedly styled HOW IT WAS DISCOVERED!

Mr. J. M. Lixitsix — Dear Str.—I was severely inflicted with theumatism for a whole year—annual monits of which mar I was not able to leave my brd—when hearing of the wonderful effects of your Improved Blood Searcher. I determined to procure some of it and given a fan trial. After using three bottles I was able to walk around again as usual, and an now wholey cured. I can recommend it to all who are similarly afflicted, and believe it is all it claims to be Yours, truly.

A Desperate case of Tetter and Barber's lich, cured by the use of Lindsey's Blood Searcher. I, the understand, some time in last March, was severely affleted with what was pronounced by my physicians to be a certain kind of Tetter and Barber's lich. My condition was one of the greatest misery, my face was almost constantly running with the fool corruption that escaped from the tubercles, by which it was almost compactly covered. After being under the care of my physicians for near two months, without the least benefit. I was induced to make a that of Lindsey's Blood Searcher and the result was that in using one bottle and a half I found a perfect cure. I may also sny that I eagerly tred whatever was recommended as a cure, such was my wretchedness that I even resorted to the dangerous experiment of pouring pure crossite on my face and neck, but all to up purpose—the Blood Searcher was the first and only thing that did me any good. As a blood purther it is unequalled; and I have great recson to be grateful that I ever made a trial of its healing virtues, and I can confidently recommend if on any who may suffer from Tetter, or any other disease mising from an impure state of the blood. An interesting case of scrofula cured by one bottle of Lindscy's Blood Searcher. This certifies that alout one year ago our links son aged four years, was most sorely aillieted with what the physicians pronounced to be scrofula, and was treated accordingly for nearly a year, but without the slightest beacht. His eyes were running a thin mattery himor almost constantly; which would encrust his eyes beyond the power of opening them mail they were washed and cleaned by soap and water. About the same time an absense formed just below the groin, which is due time troke and commerced a discharge, which was found impossible to dry up or heal—the bed would be very much stimed and the clothing of the child periocity sickening in a single night's time. After having the attentions of a physician for so long a time, and hoding the child to be getting worse, we determined to try the effects of Mr. Landscy's Blood Searcher. This was in last March—and before two weeks had passed away the change was mainters, and I am happy to say that in the use of a single lottle our little boy has been perfectly restored to beath. We eannot speak toolighly of this invaluable in decree, it should be mercery found. of this invaluable in dieme, it should be in ever family—none should be without it. PROFESSOR O. J. WOOD'S HAIR RESTORATIVE FOR producing hair on Bald Heads, and THE producing hair on Balld Heads, and rectoring Grey Hair totts natural color. This associating and unequalled preparation has never failed to produce a growth on Bald Heads when used according to the direction, and turn bair back to its original color, after having become gray, at drein-take it in all its original health, batte, softwass and beauty. Remove, at once all curf, dandruf and unpleasant itching, scrofula, cruptions and feverish heat from the scalp. It also prevents the hair from becoming unbeathy and falting off, and hence acts as a perfect Hair Invigorator and Tonic.

A gentleman of Boston writes to his friend in New A genomina of foston writes to his friend in New Bedford thus:

To your inquiries, I would reply, that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose, and pulled out freely; but I found that before I had used all the second bottle, (which was eight weeks) my hair was entirely changed to its original color, light brown, and is now free from dainfulf and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots; and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish to ask.

July 1,4855.

From the Boston Herald.

SOMPTHING WORTH KNOWING—By using Professor Wood's Hair Restorative, gray hair can be permanently restored to its original color. The subjoined certificate from Johnson & Stone, Gordaner, Maine, is his one of the many instances that are daily coning to our knowledge of its wonderful effects. It is no longer problematical, but a self-eyident truth, as hundreds in our community can testify.

Dan Sin: I have used two boules of Profesor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was a man or seventy My hair has now stand its original color. You can recommend it to he world without the least fear, as my case was one of the worst kind.

Your, respectfully, DANIEL N. MURPHY.

Professor O J. Wood.

Brookfield, Massachusens, Jan 12 1855.

Dran Sint—Having made a trial of your Bair Restorative, it gives me pleasure to say that its effect has been excellent in removing inflammation, daindraft, and a constant itching tendency with which I have been troubled from childhood; and has also restored my hair which was becoming gray to as original color. I have used no other article with anything like the pleasure and profit. Yours, trial RAGG,

he a restorative and invigorating hair tone. Its peculiar chemical fundines have a beneficial effection on the growth and character of the hair, giving a sitky and glossy texture to that which was formerly of a coarse and dry nature. It has, also, we understand a tendency to preserve the youthful color and appearance of the hair, and destroying or counteracting the effects of age. With such recommendations in its favor, we hardly perceive how any lady or generational should be without so valuable an adjunct to their torict.
