THE WONDER OF THE AGE! M. LINDSBY'S Great Medical Discovery! which is a purely occatable preparation, for the puritying of the blood, giving vigor to the liver, stomach and bowels, and expelling from the system all morbid muter, and substituting in its stead a healthful science of the blood of the b

fal activity through all the functions of life.

HOW IT WAS DISCOVERED:

In the ful of 1853 a daughter of Mr. Lindsey was suffering from a malignant attack of Canterror Oria (Canter of the mouth!) She had provinally been prostrated by the stracks of Dysentery. Inflammation of the Langer and flectic fewer, successively, which resulted in the above named exert, successively, which resulted in the above named expensively. Inflammation in the case a hopeless one. Everything find ideated a speedy and horrable denth-the drain of rotting out of life! At this critical juncture, Mr. Lindsey prepared a compound for the purpose of alterialing, if possible, the pains of the little sufferer, whe was made to use in freely, and in a short time to his most delicital astonishment, there was a very perceptible change for the better. The mouth began to put on a bright and healthy appearance—the foul breath became sweet—the appartite was restored and the child seemed to partake of a new ard fresh life.

Hope was inspired, and the use of the compound was fuithfully continued, the result of which, with the biessing of God, was her complete restoration. She is now perfectly healthy! From this circumstance, Mr. Lindsey was led to prepare with greater care and exactness, what had so atonishingly cured his child, and continued his experimental elforts until he succeeded in bringing to perfection his great Great Rem. My for Blood Impurity—since which time its effects have been almost imraculous. Handreds upon hundreds, by it, have been anarched from an ontimely grave and restored to the sweets of health and the endearments of friends. The young and old have tested its saving powers and sing alond its virtues. Say they—"after using Lindsey's Improved Blood Searcher, we felt as If a new 'life was stirring our veins, and und can express."

But hear from their own lips and then judge of its valuable effects. The few testimonials that follow show that it is deservedly styled the Greatest Discovery of this or any other age. J. M. LINDEY.

Dr. J. M. Linder. Dear Sir-1 have been using your improved Blood Scarcher sines some time last summer, and I deem it to be a matter of duty to bear my testimony to its invigorating, blood testorative virtues. I have been, for a number of years, severely troubled with crysipelins and general debility; but since I put myself under the influence of your Improved Blood Scarcher, I find a very decided inprovement. Indeed, my acquaintances frequently remark, that I look so fat und itearity; and know of nol other cause than the use of your Improved Blood Scarcher, Judging from my own experience, I believe that this is one of the most valuable medicines that woman can use, especially those who are or have entered upon the decline of life. (From 40 to 50 years of age) I feel that it would have been shove ingratitude on my part to have withheld this testimony, and in the consening to appear as a witness before the public. I have been actuated solely with reference to the voice of conscience and duty. You are at liberty to make whatever use you may deem proper of this statement.

Yours, respectfully.
