Books, Stationery, &c., are now prepared to
be ided out inducements to the public, such as have never
been offered in the history of Lancaster Book Stores.
The theral encorragement extended by the public,
ince we are in business, has spurred as to renewed
energy. To sell books as low as the lowest, and us
good as the best, is now our aim. In consequence of
the stringency in the Money Market, and the extraordinary low prices at which Books, Stationery, Ac,
end at the late Trade Sales in Philadelphia and New
York, Teachers of Public Schools will find at grently
to their advantage to call on as before selecting their
books, &c., these distinctly says that we applied to

would thereby occur by selling our Books, &c., at a lower figure.

We have all the school books now in use in the County of Lancaster, all of which, we are prepared to self wholesafe or retail, making the most liberal deduction to teachers.

Our Stock of Miscellaneous Books, is unusually large this season, and much lower in price than here-tofore. The Reading Public will please bear this fact in mind, when they select their books for the winter. We have also all the best

MAGAZINES AND NEWSPAPERS MAGAZINES AND NEWSPAPERS
of the country, both English and German, which will
be mailed to ail parts of the United States.
In our stock of Foolseap, Letter, Note, and all
other papers, we defy competition, as we pay particular attention to this branch of the business.
We have the most varied as-ortment of Gold Pens
for Ludies and Gentiemen, and take great pleasure in
making the public acquainited with Our Own Pen, the
"Scributus," and only ask an impartial trial of it, by
those who can judge of the qualities of an "A No I,

CHEOPLASTIC PROCESS Of Mounting Artificial Teeth.

Of Mounting Artificial Teeth.

DATENTED by Br. Blandy, formerly Professor in the Bultimore College of Dennii Surgery, is certainly one of the preatest discoveries of the precent age, and destined to work a great change in mechanical dentistry.

The undersigned having used the Cleoplastic Process in more than forty cases, with perfect success, not one having failed to give entire satisfaction, it being preferred to gold plate by all who have tried both, teels no heistation in recommending it as superior to any other method of mounting artificial teeth heretofore known. The same accuracy in fitting, perfect elemnliness, beamy and durability, cannot be obtained by any other process.

Partial sets can be inserted with perfect success, without the use of ela-ps which are so destructive to the natural organs, and ought to be discontinued by every operator regarding the good of his patients.

Professor Thomas Bond, of the Baltimore College of Dennii Surgery, after using and testing the 'Cheoplastic Process' for himself, in a letter to Dr. Blandy, anys, "My opinion s, that your patent in the hands of skillful operators, must supersede all others now in nee, for it has advantages over all of them, but none has any advantages over it."

The public are respectfully invited to call at the office of the undersigned, who alone is authorized to practice the Cheoplostic Process in Lancaster city, and to dispose of office rights in the counties of Lancaster, Chester, Berks, Dandhin and York.
