The New Jersey Improved Reaping

and Mowing Machine. THE subscriber now offers to the farmers of Laneaster and adjoining counties, one of the best combined machines in use. It has stood the test for five years, giving entire satisfaction to all who have used it. It is capable of cutting from ten to fifteen acres of grass or grain per day, with one pair of horses—Lewis Curts, of Sulem, is willing to qualify that he has cut twenty-one acres of grass with one team of horses in one day. Hundreds of other names could be got if it were necessary. This machine was sold list year in this and other counties; also, extensively m New-York and New Jersey, and was preferred above all other machines wherever used, both for reaping and mowing. It has been used from year to year with less repair than any other machine. Owing to the scarcing of money the price has been reduced from list year; so that any farmer can now secure one of the best machines are persons who have used them, and are willing to recommend them to other farmers, who are the best judges of the machine—not mere agents who self these machines are persons who have used them, and are willing to recommend them to other farmers, who are the best judges of the machine—not mere agent belief for a per centage, and willing to craim any thing down the throats of farmers. Does Disease Originate in Impurity of the Blood?

THIS is a question of vital importance, and one which has never been satisfactorily disposed of by the professors who teach the healing art. Some maintain—and especially the old school physicians—that life these in the blood, and therefore all diseases originate in it—but modern science avers that animems have their origination in both the solids and fluids of the body. That the futter preponderate, however, is a fixed fact, and medical skill bins creatly demonstrated that a teast two-thirds of the ills that human fiesh is here to, have their sources in an IMPURE STATE OF THE BLOOD!

If C. BRUNER. Great American Horse-Taming

Secret. For Tuming Horses and Breaking Colls. The Tuning Flores and Breaking Colls.

The understand, proprietor of the above celebrated secret for tashing wild and vicious horses, and breaking young colts, has been induced, by numerous friends, to offer the stime to the American Pathic, at a price within the reach of all. By the use of it the most width and vicious horse can be perfectly subdued in flifteen manners and young colts broken in a few days. It is harmless to the horse and free from danger in applying it.

The great notoristy and success Mr. Rarcy has obtained for his method, as practical before the Courts of England and France, render further notice in an advertisement unnecessary. Every horseman must be already familiar with it, and no farmer, owner of a colt or horse, should be without it.

The secret has been thoroughly tested in New York before a competent commutee of horsemen, and approved.

DAGUERREAN GALLERY. RE-OPENED. MUEL LODGE respectfully in

Torons his out friends and the public generally that he has re-opened his out and favorably known gallery, on the north-east corner of Front and Locust streets, Columbia, where he is prepared to turnish DAGUERREOTYPISS, in the finest style of the art. His pictures have been acknowledged to be seperior 12 may taken in this section; and the flatters himself that he can maintain the reputation of his gallery—The light in his operating room is superior to my ever before had in the place, a double window having been placed in front; by this light he is enabled to take the finest pictures in cloudy as well as in clear weather. He is determined not to be excelled in the superior quality and cheapness of prices of his pretures. Call and examine specimens, and hear the prices. The most favorable time for obtaining good neutures of children is from 9 to 12 o'clock, in clear weather. Dark dresses are preferable for producing a good effect in the pictures.
