## Fancy Furs--for Ladies & Children.

JOHN FAREIRA & Co., No. 818, (new no.) Market street, above Eighth, Philadelphia—Importers, Manufacturers and Dealers in Fancy Furs, for Ladies and Children; also, Gent's Furs, Fur Collars and Gloves. The number of years that we have been engaged in the Fur business, and the general character of our Furs, both for quality and price is so generally known throughout the country, that we think it unnecessary for us to say anything more than that we have now opened our assortment of Furs, for the Fall and Winter Sales, of the largest and most beautiful assortment that we have ever offered before to the public. Our Furs have all been imported during the present season, when money was scarce and Furs much lower than at the present time, and have been manufactured by the most competent workmen, we are therefore determined to sell them at such prices as will continue to give us the reputation we have borne for years, that is to sell a good article for a very small profit

Storekeepers will do well to give us a call, as they will find the largest assortment by far to select from in the city, and at manufacturer's prices.

## THE GREAT BEAUTIFIER

### So Long Unsuccessfully Sought, FOUND AT LAST!

FOR IT RESTORES PERMANENTLY GRAY hair to its original color, revives luxuriantly the bald head; removes all dandruff, itching and all scrofula, scald head and all eruptions, makes the hair soft, healthy, and glossy; and will preserve it to any imaginable age, removes, as if by magic all blotches, &c., from the face, and cures all neuralgia and nervous head ache. See circular and the following

Dover, N H., Feb. 2nd. 1857

PROF O. J. WOOD & CO.—Gents: Within a few days we have received so many calls for Prof O J Wood's Hair Restorative, that to-day we were compelled to send to Boston for a dozen to supply us (ten dozen you forwarded all being sold.) where we might order a quantity from you. Every bottle we have sold seems to have produced three or four new customers, and the approbation and patronage it receives from the most substantial and worthy citizens of our vicinity fully convinces us that it is a MOST VALUABLE PREPARATION

Send us as soon as may be one gross of $1 size, and one dozen $2 size, and believe us yours very respectfully.

(Singed) DANIEL LATHORP & CO.

Hickory Grove, St Charles Co., Mo., Nov 19, '56.

PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it a duty to you and the afflicted to report.

Our little one's head for some time had been perfectly covered with sores, and some called it scald head The hair almost entirely came off in consequence, when a friend, seeing his sufferings advised us to use your Restorative, we did so with little hope of any success, but to our surprise, and that of our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy has a head by a scalp, and as luxuriant a crop of hair as any other child. You can therefore, and do hereby recommend your Restorative, as he is entirely to all diseases of the scalp and hair. We are yours respectfully,

GEORGE W HIGGINBOTHAM,
SARAH A. HIGGINBOTHAM.

Gardiner, Maine, June 22, 1855

PROF O J WOOD—Dear Sir, I have used two bottles of Professor Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair Before using it I was a man of seventy My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind Yours Respectfully,

DANIEL N MURPHY.

## HAMMONTON LANDS.

### NEW ENGLAND SETTLEMENT.

RARE OPPORTUNITY.—TO ALL WANTING FARMS—in a healthy place, twenty five miles from Philadelphia, on the Camden and Atlantic Railroad New Jersey. An old estate has recently been opened for sale, and the division of 10,000 acres, divided up into farms of twenty acres and upwards. The soil is of the best quality for the production of fruits, grains &c. The price is from $15 to $20 per acre, payable in easy quarter yearly instalments, within a term of four years with interest The terms are made easy in order to ensure the rapid improvement of the land, by enabling every industrious man to buy a farm. It is now being extensively improved by good roads, and some of the best citizens from New England and the Middle States are erecting large improvements. It is a scene of the greatest improvement out of Philadelphia. Seventy-three houses have been built in four months. Practical farmers and business men from the length and breadth of the Union are settling there It is an important business place, on account of its being in the midst of a great market. Every article raised upon the land finds an immediate sale. The water is excellent, and no such thing as fever is known

The soil is a sandy or clay loam, with a *clay bottom and retentive* of manures It is free of stones and easily worked. It abounds largely in the phosphates, and such is its fertility, that from the crops produced both upon this land and the large area adjoining under cultivation, it will be found not to be excelled anywhere in the production of crops most adapted to its market

The reader may be well aware that the earliest and the best fruits and vegetables come from New Jersey, which are annually exported to the amount of millions of dollars. The land, besides being accessible in every way for fertilizers, has an abundant supply of the best quality of muck manure.

Lumber and building materials can be had on the spot for the cheap price from the mills Other mills are now being opened, and brick yards being started on the ground. A person can put up a frame tenement for present convenience, for one hundred dollars. On account of the extensive emigration, this is the best course to pursue in order to get a place to live in at first Carpenters and laborers are on hand to put up houses on the best terms.

In settling here the emigrant has many advantages. He is within a few hour's ride of the great cities in the Middle States and New England; he is near his old friends and associations; he is in a settled community, where every improvement and comfort of civilization is at hand; he is in a healthy place, and is not subject to the certainty of losing the greater part of his family and his own health by those malignant fevers which make the graves of so many millions of the young and hardy in far off regions away from their kind friends. Besides, he has a mild climate and open winter.

There are three trains daily to Philadelphia, and to all those who improve the railroad company gives a free ticket.

The reader will at once be struck with the advantages here presented, and ask how self why the property was not taken up before The reason is, it was never thrown in the market, and unless these statements were correct no one would be invited to examine the land before purchasing This will be expected to do They will see the land under cultivation, they will meet persons no doubt, from their own neighborhood, they will witness the improvements, and can judge of the character of the population — Persons should come prepared to purchase as many are locating and locations are now held on reasonable terms.

The Hammonton Farmer, a monthly Literary and Agricultural sheet, containing full information of Hammonton, will be sent to each inquirer, and can be obtained at 25 cts. per annum

Title indisputable Warrantee deeds given, clear of all incumbrance, when purchase money is paid Route to the land:—Leave Vine street wharf, Philadelphia, for Hammonton by railroad at 7½ A M and 3½ P. M; when there, inquire for Mr. Bitner's. Boarding conveniences will be found Letters and applications can be addressed to S. B. COUGHLIN, 202 South Fifth street, below Walnut, Philadelphia — Maps and information cheerfully furnished.

## HEALTH WITHOUT DRUGS!

DR. J. W. FLINN, Electro-Motorpathic Physician recently of Frederick City, Md., announces to the citizens of Columbia and vicinity, that he has taken rooms at Brandt's National Hotel, where calls can be made by the sick and the afflicted.

This new system of treating diseases has produced the most remarkable results, cases considered hopeless, which could find no relief from any source have been greatly relieved or cured The most astonishing cures have been effected in

CHRONIC DISEASES,

of many years standing even in cases that could not walk. Pain of all kinds yield as if by magic.

This science will yet prove to be the greatest boon ever granted to suffering humanity, and "Electro-Magnetism," properly applied the great remedial agent for all diseases, then no person need be administered for remedial purposes as long as such moral diseases can then exist, we will use nature's remedy which pervades the atmosphere, the great mysterious agent by which the mind controls the muscles

Dr F's system of treating diseases is different from any other in this section of the state, no shock or unpleasant sensation attending it, it is mild and adapted to infancy or the most delicate constitutions, and never makes the patient worse.

Every form of disease is treated with a certainty not attained by any drug treatment The following are some of the diseases that have been successfully treated:

A phony, or Loss of Voice Asthma, Ague and Fever Bronchitis, Bowel Complaints, Constipation, Dysentery, Diarrhœa, Dropsy, Dyspepsia, Erysipelas Fevers, Gout, Heart and Kidney Diseases, Muscular Contractions, Piles, Nervous Headache, Neuralgia, Palsy, Pneumonia, Pleurisy, Rheumatism in general St Vitus Dance, Spine Diseases, Sprains, Spavins, White Swelling, Nervous Debility, &c., &c.

## Does Disease Originate in Impurity of the Blood?

THIS is a question of vital importance, and one which has never been satisfactorily disposed of by the professors who write the healing art Some maintain—and especially the old school physicians—that life lives in the blood, and therefore all diseases originate in it—but modern science avers that nothing can have their origination in both the solids and fluids of the body. That the latter proposition, however, is a fixed fact and medical skill has clearly demonstrated that at least two-thirds of the ills that human flesh is heir to have two sources in us

IMPURE STATE OF THE BLOOD!

As, for instance, in the long catalogue, such as Scrofula, Fever's Boils, Pimples, Eruptions, Eryspelas, Tetter, Barber's Itch, Pustules, Boils, Erysipelas, Ulcerous Sore Legs, Sore Eyes, Sore Ears, Fever Sores, or eruptive disease of any kind—These are ascertained by well known medical laws to arise from bad blood—while the highest medical authorities decl
