☞ TO THE PUBLIC.—As there are many Gift Book Stores advertised throughout the country, Mr. Evans deems it just to himself and his duty to the public—inasmuch as he originated the Gift Book business—to state for the information of many of our Southern and Western friends, that any concern of their name in connection with the publication and are advertising their business are unauthorized ones. Mr. E. is aware that these various concerns put out as Gift Book Stores, are often used to bring the business established by him into disrepute. He asks of the public a correct judgment in this and to the Gift Book Enterprise, for the honor, integrity and success of which he refers to all the principal publishers in the United States.
