NEW YEAR EVE BALL!

Third Annual Ball for the Benefit of the SUSQUEHANNA FIRE COMP'Y,
AT ODD FELLOWS' HALL, COLUMBIA, PA.
On Friday Evening, December 31, 1858.
TICKETS, TWO DOLLARS,
Columbia, December 18, 1858-2t

A MERRY CHRISTMAS AND A HAPPY NEW YEAR.

IS my prayer to all my customers, and I wish to tell them that in addition to my present large STOCK OF GROCERIES I have just received everything necessary to the full enjoyment of the holidays—to satisfy the cravings of the inner man, and to the great delight of the little ones. Call and get the "fixins" for your mince pies, cakes puddings, &c.

FOUR REASONS why I wish to do an exclusive Cash Business.

FIRST—My profits are not sufficient to admit of losses.

SECOND—I find I cannot credit one and refuse another without giving offence.

THIRDLY—My temper is not sufficiently mild to take pleasantly all the insults offered on presentation of bills when they are over due.

FOURTHLY—I believe it to be the duty of every man to pay cash for what he consumes.

To those of my customers who have paid their bills promptly, I will say I thank you for your past favors, and will omit no inducement that lies in my power for a continuance of your trade for cash.

My prices will be less than formerly, and my stock unsurpassed.

HERTS, BROTHERS',
AMALGAMATED IRIDIUM, ZINC AND PLATINA PENS.
WARRANTED NOT TO CORRODE.

HERTS, BROTHERS, having been many years engaged in the manufacture of Metallic Pens and during that time having devoted their unceasing attention to improving and perfecting that useful and necessary article—the result of their unceasing efforts and numerous experiments has been the construction of a pen, on a principle entirely new, combining all the advantages and the pleasantness and cleanness of the quill, with sixfimes the durability of the steel pen; at the same time entirely obviating the only objection that has hitherto existed against the use of steel pens.

This pen will be found an invaluable article in Offices, as they never need wiping, also to Banks and schools as they will not spatter, nor cut the thinnest papers, and are warranted anti corrosive.

CAUTION—The universal celebrity of these Pens having induced certain disreputable Makers to foist on the public a spurious imitation, it will please be observed that each genuine pen is stamped "Herts, Brother's Patent, 1853," and each box of genuine pens will contain a label with a fac-simile of the Manufacturers' name.

☞ May be had, wholesale, at the Principal Depot, 241 Broadway, New York, and Retail from all Respectable Stationers in England, France, and the United States.

THE restorative of Prof. O. J. Wood, for restoring hair perfectly and permanently, has never yet had a rival, volume after volume might be given from all parts of the world and from the most intelligent to prove that it is a perfect Restorative but read the circular and you cannot doubt; read also the following.

THE HAIR—People have for centuries been afflicted with bald heads and the only remedy, heretofore known, has been those abominable wigs. By a recent discovery at Professor Wood these articles are being fast dispensed with, but a great many persons will patronize them, because they have been so often imposed upon by Hair Dealers of different kinds. To all such persons we earnestly request that they will try once again, for in Wood's Restorative there is no such thing as fail. We know of a multitude who used the articles a short time and their head is now covered completely with the finest and best beautiful hair in the place. We know of numerous cases where hair has actually fallen out when it was restored in greater perfection than it ever had been before.

It is also without doubt one of the best articles for keeping the hair in good condition making it soft and glossy, removing dandruff, and has proved itself the greatest enemy to all the ills that hair is heir to

It is the duty of every one to improve their personal appearance though some may differ in regard to the ways of doing it; but every one will admit that a beautiful head of hair either in man or woman, is an object much to be desired, and there are no means that should be left untried to obtain such a consideration.—*Woman's Advocate*, Philadelphia.

Cochocton, Ohio, Nov. 17, 1856.

O. J. WOOD & CO.—Gents: As I have been engaged in selling your Hair Restorative the last season for one of your local agents (R. M Hackinson) and having experienced the beneficial effects of it myself, I would like to obtain an agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restoring the hair. I have been engaged in the Drug business for several years, and have sold various preparations for the hair, but have found nothing but restores the secretive organs or invigorates the scalp as well as yours, being fully convinced that your preparation is worth your present it to me, I would like to engage in the sale of it, for I am satisfied it must sell. Yours truly.

S. T. STOCKMAN

Westford, Mass., Feb 5 1858.

PROF. O. J. WOOD & CO.—Gents: Having realized the good effects of your Hair Restorative, I wish to state, that finding my hair growing thin, as well as gray, I was induced from what I read and heard to try the article prepared by you, to promote its growth and change its color as it was in youth both of which it has effected completely. In fact since I have used nearly three bottles. Yours, &c.,

The New York Tribune, 1858, '59.

THE New York Tribune, now more than seventeen years old, which was the first started in the world that appeared regularly on all the issues of the sheet at so low a price as two cents and which has sustained the unparalleled aggregate of more than 200,000 subscribers, respectfully refers as a result of the journalism which the Metropolitan Press is beneficent to receive.

Within the present year The Tribune has provided itself with a new and large Press at a cost of $10,000; thereby not only enabling every reader to receive his paper in a more readable form, but otherwise might do with correspondents in the most important points throughout the civilized world, of a staff of which chosen from among the best in the country, we believe that even those who dislike the politics of our sheet concede to its columns an unswerving consistency and ability in maintaining them. We appeal then, to those who believe that an increased circulation of The Tribune would conduce to the political, social and moral well-being of the Republic, to aid us in effecting such increase.

The Daily Tribune is issued on a large imperial sheet, and published every morning and evening, (Sundays excepted) and mailed to subscribers for six dollars per annum in advance; $3 for six months.

The Semi-Weekly Tribune is published every Tuesday and Friday, and contains all the Editorials of the Daily with the Cattle, Horse and General Markets reliably reported expressly for The Tribune; Foreign and Domestic Correspondence, and during coming session of Congress it will contain a summary of Congressional doings with the more important speeches—it will also contain a finished tale, continued from number to number thus affording a first-class family newspaper to those who prefer not to take a daily.
