erve as a teamster in the army on its dis-130 days. astrous march upon Duquesno. This should owing Phil to have been sixteen at the ime, her age at the time of her death would have been 120 years. Another of her stoies places her birth at date of the battle f Brandywine. This would shorten her ife to a little over 80 years. We are inlined to believe both accounts abcorvohal. We have from good authority that in 1808 Phillis was a domestic in the family of our informant, who was very young at the time, and remembers her as a woman apparently in her prime-without gray hairs. With Phil's health and iron constitution she might, at that time, have been of any age between thirty and sixty without bearing evidence of her years sufficiently marked to make an impression on a child. With every disposition to contribute to the natural and harmless popular belief in Philits' supernatural longevity, candor compels ulimit our credence to, at most, 105 years. but we feel confident that in placing her age at 100 we rather underrate than exaggerate her unusual span of life. We understand that a stone to mark her resting place is contemplated. We think this proper and right, but trust that before the design is carried into execution, no effort will be spared to ascertain if possible, the

> company, _ \$19,977 78 Bal in hands of Trea., Jan. 1, '59, \$2,941 34 There is yet to be paid to Daniel Rohrer for the loss of his barn and contents, two thousand dollars, (2,000 00,) due about the first of Feb-ruary next, and for monies borrowed (which will be payable about the first of April next, four thousand seven hundred and ninetyseven dollars, (\$4,797 00,) making the present in-debtedness of the Company, six thousand seven hundred and ninety-seven dollars, (\$6,797 00.).
> The balance due by the Treasurer, as above stated, and what is yet unpaid on the 12th assessment (made Nov. 12, 1838.) will be sufficient to liquidate all the present liabilities of the Company. The losses to the Company, since the 11th assessment, made November 9, 1857, jamount to eleven thousand seven hundred and thirty-five dollars, (\$11,735 00,)
>
> Three thousand dollars of said loss, there are reasons to believe, were caused by incendiaries. Three thousand two hundred by lightning, and five thousand five hundred and ninety-five dollars by accident. The Directors borrowed money to pay for losses as they occurred, to money to pay for losses as they occurred, to avoid making more than one assessment for the year. Members who have not yet paid their proportion of the 12th assessment are again notified to make their payments soon, or they will be called on by the collector, and be subject to the additional expense of mileage. All of which is most respectfully submitted. Thomas S. Woods, Adam K. Witmer, George L. Eckert, Samuel Slokom, John M. Buyers, Heury Keneagy, Moses Eby, Nath'l E. Slaymaker, John Ranck, Directors.
