The Salamander Safes of Philadelphia against the world.

EVANS & WATSON have had the surest demonstration in the following certificate, that their manufacture of Salamander Safes has at length fully warranted the representations which have been made of them as rendering an undoubted security against the terrific element:

Philadelphia, April 12, 1858.

Messrs. Evans & Watson.—Gentlemen—It affords us the highest satisfaction to state to you that owing to the very protective qualities of two of the Salamander Safes which we purchased of you some few months since, we saved a large portion of our Jewelry, and all our books, papers, &c., exposed to the calamitous fire in Ranstead Place, on the morning of the 11th instant.

When we reflect that these Safes were located in the fourth story of the building we occupied, and that the fourth story of a heap of burning ruins they fell subsequently into a heap of burning ruins where the vast concentration of heat caused the brass plates to melt, we cannot but regard the preservation of their valuable contents as most convincing proof of the great security afforded by your Safes.

We shall take pleasure in recommending them to men of business as a sure reliance against fire.

A Valuable Library For Sale.

THE Library of the late Rev. John S. Crumbaugh, County Superintendent of Common Schools, is now offered for sale by the subscriber. We need add no encomiums in praise of the library on the value of its selections; all we have to say is, that it is a large library, collected with discrimination and judgement. All knowing the mind, the soundness of his judgement on things he undertook, may be able to infer as to merit. A number of rare Imported Books are in the collection.

Many of Mr Crumbaugh's friends and admirers expressed a wish to possess part of his Library, or a volume, as memorials of regard for his friendship and past usefulness. To all those, or any one in ward Grand Rapids, Michigan, we now extend an invitation to call early and select such as they may want.
