Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substructions of still greater alterative provers. 100 BBLS Bone Dust from Pittsburg, of the best quality, at Nos 1,2 and 3 Canal Ba-in May 11, 1859.

B. F. APPOLD. of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found QURGEON AND PHYSICIAN, Columbia, Pa. Office in the rooms lately occupied by Dr. L. S. ert. JONES' Hair Dyc, Phalon's Mage:

Jone of the natural channels of the body by an alterative medicine. Cleanse out the by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something

the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

led by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on be judiciously taken according to directions on

The Agent for Prof. Wood's Hair Rostorative in New Haven, received the following letter in regard to the Restorative, a few weeks since:

Deep River, Conn., July 23, 1556

Mr. Leavenworth—Sitt: I have been troubled with dandraff or seart on my head for more than a year, my hair began to come out, surf and hair together. I saw in a New Haven paper about "Wood's Hair Restorative" as a cure. I called at your store on the 1st of April Inst, and purchased one hotile to try it, and I found to my satisfaction it was the thing, it removed the surf and new hair began to grow; it is now two or three inclues in length where it was all off. I have great faith in it. I wish you to see due two bottles more by Mr. Post, the beaver of this. I don't know as any of the kind is used in this place, you may have a market for many bottles after it is don't know at any or the know is used to you may have a market for many bottles after it is known here. Yours with respect, RUFUS PRATT.

RUFUS PRATT.

Philadelphia, Sept 9, 1856.

Prof. Wood—Dear Sir: Your Hair Restoraive is proving itself beneficial to me. The front, and also the back part of my head almost lost its covering—in fact baid. I have used but two half put bottles of your Restoraive, and now the top of my head is well-studded with a promising crop of young bair, and the front is also receiving its benefit. I have tried other preparations without any benefit whatever. I think from my own personal recommendation, I can induce many others to ity it.

Yours respectfully,

Vincennes, In June 22, 1852.

Prof. O. J. Wood:—As you are about to manufacture and wend your recently discovered Hart Restoraive. I will take, for whomsoever it may concern, that I have used it and known others to use it—that have for several years, been in the habit of using other Hair Restoratives, and that I find yours visitly superior to any other I know. It entirely cleanes the head of dandruff and with one mouth's proper use will restore any person's hair to the original youthful color and lexiture, giving it a liculity, soft and glossy appearance; and all the without discoloring the hand that upply it, or the dress on which it drops. I would therefore, recommend its use to every one desirous of having a fine color and texture to hair.
