The heat became so suddenly intense that none of the good-could possibly he saved; but fortunately his book and papers, which were in one of your Champion Safes, were all preserved perfectly. A CARD. THE members of the German Sunday School having lately made an excursion, the fact s been animadverted upon by some persons, has been animadverted upon by some persons, having, no doubt a strong imagination, tempered with but little charity; led by its power they have wandered into the regions of fancy, and in a most unchristian manner, charged both teachers and children, with a violation of the rules of sobriety and temperance! This is a most miserable falsehood, and worthy only of him who is termed the "Father of lies."—

of him who is termed the "Father of lies."—
It may be that some persons visiting the place
may not have been as they should, but even
their fault shrinks into insignificance, when

tale of our slanderers. Those who originated and conducted the excursion, did so with the sole view to the happiness and comfort of the children, and those properly concerned, and of course could not, nor could be excepted to, exercise a po-lice surveillance over all who might feel disposed to visit the grounds.
