VAN HAAGEN & McKEONE'S ORIENTAL DETERSIVE SOAP, PHILADELPHIA.

WARRANTED to give perfect satisfaction, or the Money will be Refunded, and our Agents are hereby authorized to make good any failure of it at our expence.

VAN HAAGEN being a practical Soap Maker, and having for the last twelve years (at different times) experimented upon and tested the particular Soap in various ways, now offers it to the public as a Soap which will save Time, Labor and Money. We are willing it should rest upon its own merits. All we ask is to give it a fair and impartial use in accordance to our directions, found in each box; and if it does not give full satisfaction, the money will be refunded.

Among the advantages over other Washing Soaps, the following may be named

1 Clothes need no boiling, and very little rubbing, (most articles none.)

2 One pound will go as far, for any use, as three pounds of common resin soap, or two pounds best family soap.

3 It requires less than one half the time and labor to do the washing of a family, that it requires with the best family soap, and is warranted not to injure the fabric.

4 For cleansing Paint, and removing Grease, Tar and Printer's Ink, it is unsurpassed. Machinists, Printers and Painters will find it an invaluable article for washing hands, as it does not chap, but greatly softens the skin.

5 The extensority of the materials used and the Soap not containing an excess of alkies is more mild than any other known washing soap, and undoubtedly the best adapted for white and colored clothing, as well as flannels and laces, and is warranted not to rot the same.

HERTS, BROTHERS', AMALGAMATED IRIDIUM, ZINC AND PLATINA PENS.

WARRANTED NOT TO CORRODE.

HERTS, BROTHERS, having been many years engaged in the manufacture of Metallic Pens and during that time having devoted their unceasing attention to improving and perfecting that useful and necessary article—the result of their unceasing efforts and numerous experiments has been the production of a pen, on a principle entirely new, combining all the advantages of the elasticity and cleanness of the quill, with six times the durability of the steel pen, and thus entirely obviating the only objection that has hitherto existed against the use of *gold pens.*

This pen will be found an invaluable article in Offices, as they never need wiping, also to Banks and Schools as they will not spatter, nor cut the thinnest paper, and are warranted anti corrosive.

CAUTION.—The universal celebrity of these Pens having induced certain unscrupulous Makers to foist on the public a spurious imitation, it will please be observed that each genuine pen is stamped "Herts Brothers' Patent 1853," and each box of genuine pens will contain a Label with a *fac-simile* of the Manufacturers' name.

☞ May be had, wholesale, at the Principal Depot, 291 Broadway, New York, and Retail from all Respectable Stationers in England, France, and the United States.
