DICKENS' NEW WEEKLY.

We have the pleasure of announcing that
we have entered into errangements with
Carles Dickens, for the issue of his new publication, entitled. "All the Year Round," each week, in New York, simultaneously with its seem in London, plates being taken from the English edition, and forwarded to us sufficientin advance of publication for that purpose. The first number will appear in Loudon and New York on Wednesday, May 4th, and will contain the commencement of a new story by Charles Dickens, to be continued from week to week during about eight months. Thus, it will be seen that American readers

of "All the Year Round," will obtain the stories and other contributions of Mr. Dickens, and the staff of writers associated with him, embracing an array of distinguished talent with which no other publication can compare, several weeks in advance of their reaching this country through ordinary sources, and at the same time they are given to the public in Lon-

We will state that this arrangement has been consummated by the payment of a large sum of money to Mr. Dickens, yet the extra-ordinary interest which the announcement of the publication has excited in literary circles, the assurance which Mr. Dickens has given that he shall devote to it all of his best energies, and the appearance of a new story from his pen, cannot fail to command for it at once

The following announcement from Mr. Dickens, will convey an idea of the character and aims of the work:
ADDRESS.

Tine years of Household Words are the best essurance that can be effected to the public of the spirit and objects of "All the Year Round."
In transferring myself, and my strongest energies, from the publication that is about to be ascontinued, to the publication that is about to and all the literary and business co-operation the! san make my work a pleasure. In some important respects, I am now free greatly to advance on past arrangements. Those I leave

to testify for themselves in due course.

That fusion of the graces of the imagination with the realities of life, which is vital to the which resides of the which I bavestriven from week to week as honestly as I could during the last nine years, will comme to be striven for, wall the year mand." The add weekly cares and duries become things of the Past, merely so be assumed, with an increased love for them and brighter hopes pringing out of turin, in the Present and the

e's of renders, and yet again for a steadily ex-panding circle of readers in the projects I hope to earry through stall the year round." And I feet confident that this expectation will be real-

.zed, if it deserves realization.

The task of my new journal is set, and it will searly try to work the task out. Its pages that show to good purpose their motto is re-membered in them, and with how much of facility and earnestness they tell. The Story of ear Lives from Year to Yo
