# WOOD! WGOD!

Bridgens' County Map. 100 CORDS of prime Hickory and Ork County Wood for sale at the Wharf adjoining the hey 29, 30-11 Bis a concentrated as a pathon of the county have been familiar for many years. It has a compound remedy, in which we have has bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases atta such a remedy is wanted by those who bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted follow-citizers. How completely this compound will do it has been proven by exper-iment on many of the worst cases to be found of the following complaints: — SCROFULA AND BENOFICIUS COMPLAINTS, EXEPTIONS AND BENOFICIUS COMPLAINTS, PROPIES, BLOTCHES, TENORS, SALT REETM,

PIMPLES, BLOTCHES, TEMORS, SALT RHEEM SCALD HEAD, SYPHILIS AND SYPHILITIC AF-FRCTIONS, MERCIFILI DISEASE, DROPSY, NEU-EXIGLA OF TIC DOULOUMEUX, DESILITY, DYS-PEPSIA AND INDIGESTION. ENTSIPELAS, ROSE B ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF JHE BLOOD.

This compound will be found a great pro-mater of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time by expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the sid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous acres, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitlated blood whenever you find its impurities Vinited blood whenever you had its impurities barsting through the skin in pimples, cruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the versa; cleanse it whenever it is four, and your feelings will tell you when. Even where no particular disorder in fell words with tell word bards is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, sud all is well; but with this pabulum of life disordered, there can be no lasting health. Source or later something t go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Satsaparille, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sassaparilla for one dollar Mest of these have been frauds upon the sick, for they not only contain little, if any, Saranga-rilla, but often no curative properties whatev-er. Hence, bitter and psinful disappointment has followed the use of the various extracts of Sarsoparilla which flood the market, until the name itself is justly despised, and has become nease itself is justly despised, and has become eynonymous with imposition and cheat. Still we call this compound Sursaparilla, and intend to supply such a remedy as shall research the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the discases it is intend-ed to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.
