Scrofula, or King's Evil,

is a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and when the blood is in disease on any part of it. No organ is free from its attacks, nor is there any one which it may not destroy. The scrofulous taint is variously caused by mercurial disease, bad living, disordered or unhealthy food, impure air, filth, and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be the origin, it is hereditary in the constitution, descending from parents to children unto the third and fourth generation; indeed, it seems to be the curse of Heaven, as it will visit the iniquities of the fathers upon their children."

Its effects commence by depriving them the blood of its vitality, which, in the lungs, tubercles, and internal organs is developed, tubercles, in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which *gendors* in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofula in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S

Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the rescue of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BOILS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD-HEAD, RINGWORM, RHEUMATISM, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*impurity of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so compound that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search and cleanse, and invigorate every portion of the human organism, correcting or diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Heartburn, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from *alarming* and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While many inferior remedies thrust upon the community have failed and been discarded, this has gained and sustained its well-deserved reputation by the many truly wonderful benefits it has conferred on the afflicted they can never forget, and promises cures too numerous and too remarkable to be forgotten.

"ALL THE YEAR ROUND."

CHARLES DICKENS' NEW WEEKLY.

WE have the pleasure of announcing that we have entered into arrangements with Charles Dickens, Esq., for the issue of his new publication, entitled, "All the Year Round," which will appear in London, plates being taken from the original sheets, and published simultaneously with its issue in London. The first number of "All the Year Round" will be issued from the press of Messrs. Harper & Brothers, New York, on Saturday, the 30th inst., and will contain the commencement of a new story by Charles Dickens, to be published from week to week during the ensuing year.

There is still to appear with the original readings of "A Tale of Two Cities," also, the last stories and other contributions of Mr. Dickens, and the rest of the articles associated with him, and forming the series of papers published, with which no other publication can compete, several weeks in advance of their reaching this country. During the year, the publishers will issue at the same time they appear in London to the public in book form.

We will state that the arrangement has been consummated by the payment of a large sum of money to Mr. Dickens, yet the extraordinary interest which the announcement of the publication has excited in literary circles, the assurance which Mr. Dickens has given that he shall devote to it all of his best energies, and the appearance of a new story from his pen, cannot fail to command, for it, at once a large circulation.

The following charming extract from Mr. Dickens, will convey an idea of the character and aims of the work:

ADDRESS.

Nine years of *Household Words* are the best assurance that can be offered to the public of the spirit and objects of "All the Year Round."

In transferring myself, and my strongest energies, from the publication that is about to be discontinued, to the publication that is about to be begun, I have the happiness of taking with me that staff of writers with whom I have labored, and all the literary and business co-operation that can make my work a pleasure. In some important respects, I am now free, greatly to advance on past arrangements. Those I leave to testify for themselves in due course.

That fusion of the graces of the imagination with the realities of life, which is vital to the welfare of any community, and for which I have striven from week to week as honestly as I could during the last nine years, will continue to be attempted in all the years round. The old weekly cares and duties become things of the Past, merely to be assumed, with an increased love for them and brighter hopes springing out of them, in the Present and the Future.

I look, and plan, for a very much wider circle of readers, and yet again for a steadily expanding circle of readers in the projects I hope to carry through all the year round. And I feel confident that this expectation will be realized, if it deserves realization.

The task of my new journal is set, and it will steadily try to work the task out. Its pages shall show to good purpose their motto is remembered in them, and with how much of fidelity and earnestness they tell The Story of our Lives from Year to Year.

CHARLES DICKENS.
