New Agricultural Settlement.

TO ALL WHO WANT FARMS.

A RARE opportunity in a delightful and healthy country to three southeast of Philadelphia, on the Camden and Atlantic Railroad, New Jersey.

An old estate consisting of several thousands of acres of productive soil has been divided into Farms of various sizes to suit the purchasers. Portions of some fifteen hundred families from various parts of the Middle States and New England have settled the past year, improved their places, and raised excellent crops. The price of the land is at the low rate of $15 to $20 per acre, the soil is of the best quality for the production of Wheat, Clover, Corn, Peaches, Grapes and Vegetables. It is considered the most Healthy in the Union. The place is perfectly secure from the destructive enemy of the farmer. Crops of grain, grass and fruit are now growing and can be seen. By examining the place for yourself you can judge for yourself of the advantages and of the future. The terms are made easy in order to effect the rapid improvement of the land, which is only one of the many improvements. The result has been that within the past year, some three hundred houses have been erected, two mills, one steam, four stores, some fine vineyards and Peach orchards, planted and a large number of other improvements, making a desirable and active place of business.

THE MARKET,

as the reader may perceive from its location, is the Best in the Union.

Produce brings double the price that it does two miles away from the city, and more than double the price than the West. It is known that the earliest and best fruits and vegetables in this latitude come from New Jersey, and are annually exported to the extent of millions.

In locating here, the settler has many advantages. He is within a few hours ride of the great cities of New England and Middle States, he is near his old friends and associations, he is in a well settled country where every improvement in comfort and order is at hand. He can buy every article he wants at the cheapest price, and sell his produce for the highest, (in the West this is reversed) he has schools for his children, divine service, and will enjoy an open winter, and delightful climate, where fevers are utterly unknown. The result of the change upon those from the north has generally been to restore them to an excellent state of health.

In the way of building and improving, lumber can be obtained at the mills at the rate of $10 to $15 per thousand. Bricks from the best yard opened in the place, every article can be had, and there is no panic in the carpenters are at work, and there is no place in the Union where buildings and improvements can be made cheaper.

The reader will at once see a rock with the advantages here presented and ask himself why the property has not been taken up before. The reason is, it was never thrown upon the market, and unless these statements were correct, no one would be invited to examine the land before purchase. This all are expected to do. They will see and understand for such is the extent of the settlement that there will no doubt, meet persons, from their own neighborhood, they will witness the improvement and judge for the character of the improvement. If they come with a view to settle, they should come prepared to stay a day or two and be ready to purchase as locations cannot be held on refusal.

There are two daily trains to Philadelphia, and to all settlers a week's ride upon the Railroad Company gives a free ticket for six months, and a half-price ticket for three years.

THE TOWN OF HAMMONTON.

In connection with the above is situated a new and thriving town that is rapidly growing, which presents advantages not able to be met with in the earlier settlements of the country. The Store business could be at once established in this place and would do good advantage, also carpenters, blacksmiths and manufactories of agricultural implements as locations for erecting small ones. The improvement in property so rapid as to make a constant shift of tenements necessary. Town lots of a good size, we do not sell small ones, as it would effect the improvement of the place, can be had from $50 and upwards.

The Hammonton Farmers, a monthly literary and agricultural sheet, containing information of Hammonton, can be obtained at 25 cents per annum.

The lands are given with warrantee deeds given clear of all incumbrance when money is paid. Route to the land: leave Vine street wharf, Philadelphia, for Hammonton by Railroad at 7½ A. M. or 4½ P. M.—Fare 90 cents. When time requires for a longer stop with Mr. Higbee, the principal, and they have decided as to purchasing, he will show them over the land in his carriage free of charge. Letters and application can be addressed to Lewis & Byrne, Hammonton P. O., Atlantic county, New Jersey, or to B. Coughlin, 260 South Fifth street, Philadelphia.—Maps and information cheerfully furnished.

New Religious Books.

COAL! COAL!!

DESPERATE cases require desperate remedies. Believing the same principle to hold good in finance, the undersigned, having the fear of Judge Hamilton's veto before his eyes, has reduced the price of coal to the following low prices:

STOVE COAL DELIVERED AT

$2,25, $2,50, $2,75 & $3,00 per Ton of 2,000 Pounds.

What 2,000 pounds? yes certainly—is it not so, Citizen? Most assuredly. Now is the time, all ye friends of the old coal mart, at the Basin; bring your cash along, for the visits to the Colonel's office have been frequent.

Lump, Egg, Nut and Broad Top Coal at prices to correspond.

J. G. HESS.
Columbia, Sept. 10, 1859.

COAL! COAL!!

THE Largest Stock of Coal in Town!

Now is the time to buy your Coal! Call and examine for yourselves. My coal is prepared expressly for family purposes, is clear from dirt and slate, and is kept under cover. It is of the best quality, and ranges in price from $2,50 to $3,00 per ton. I have it at

$2,50, $2,75, $3,00 & $3,50 PER TON,

as viewed at any part of the town.

B. F. APPOLD

N. B.—Wholesale purchasers of Coal, by the cargo or car load, will find it to their advantage to call and examine my large stock before purchasing elsewhere Coal Yard at Nos. 1, 2, 3, 4, 5, 6 and 8 Canal Basin.

B. F. APPOLD.
Columbia, Sept. 10, 1859.

ALMANACS FOR 1860.—Call at J. S. Dellett & Co's, and procure an Almanac for the next year, *gratis* Oct. 1, '59.

Scrofula, or King's Evil,

a constitutional disease, a corruption of the blood, by which this fluid becomes vitiated, weak, and poor. Being in the circulation, it pervades the whole body, and may burst out in disease on any part of it. No organ is free from its attacks, nor is there one which it may not destroy. The scrofulous taint is variously named by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children."

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withstand the attacks of other diseases; consequently, vast numbers perish by disorders which, although not scrofula is in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, brain, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To eliminate it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S
Compound Extract of Sarsaparilla,

the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is combined from the most active remedials that have been discovered for the expurgation of this foul disorder from the blood, and the reserve of the system from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as ERUPTIVE and SKIN DISEASES, ST. ANTHONY'S FIRE, ROSE, or ERYSIPELAS, PIMPLES, PUSTULES, BLOTCHES, BOILS and BOILS, TUMORS, TETTER and SALT RHEUM, SCALD HEAD, RINGWORM, SCROFULOUS, SYPHILITIC and MERCURIAL DISEASES, DROPSY, DYSPEPSIA, DEBILITY, and, indeed, all COMPLAINTS ARISING FROM VITIATED OR IMPURE BLOOD. The popular belief in "*sweetening of the blood*" is founded in truth, for scrofula is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

are so composed that disease within the range of their action can rarely withstand or evade them. Their penetrating properties search, and cleanse, and invigorate every portion of the human organism, correcting its diseased action, and restoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is astonished to find his health or energy restored by a remedy at once so simple and inviting.

Not only do they cure the every-day complaints of every body, but also many formidable and dangerous diseases. The agent below named is pleased to furnish gratis my American Almanac, containing certificates of their cures and directions for their use in the following complaints: *Costiveness, Headdam, Headache arising from disordered Stomach, Nausea, Indigestion, Pain in and Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Jaundice*, and other kindred complaints, arising from a low state of the body or obstruction of its functions.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease.

So wide is the field of its usefulness and so numerous are the cases of its cures, that almost every section of country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried, its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs that are incident to our climate. While *many inferior remedies thrust upon the community* have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted they can never forget, and produced cures too numerous and too remarkable to be forgotten.

"ALL THE YEAR ROUND."

DICKENS' NEW WEEKLY.

WE have the pleasure of announcing that we have entered into arrangements with Charles Dickens, for the issue of his new publication, entitled, "All the Year Round," each week, in New York, simultaneously with its issue in London, plates being taken from the English edition, and forwarded to us sufficiently in advance of publication for that purpose. The first number will appear in London and New York on Wednesday, May 4th, and will contain the commencement of a new story by Charles Dickens, to be continued from week to week during about eight months.

Thus, it will be seen that American readers of "All the Year Round," will obtain the stories and other contributions of Mr. Dickens, and the staff of writers associated with him, embracing an array of distinguished talent with which no other publication can compare, several weeks in advance of their reaching this country through ordinary sources, and at the same time they are given to the public in London.

We will state that this arrangement has been consummated by the payment of a large sum of money to Mr. Dickens, yet the extraordinary interest which the announcement of the publication has excited in literary circles, the assurance which Mr. Dickens has given that he shall devote to it all of his best energies, and the appearance of a new story from his pen, cannot fail to command for it at once a large circulation.

The following announcement from Mr. Dickens, will convey an idea of the character and aims of the work:

ADDRESS.

Nine years of *Household Words* are the best assurance that can be offered to the public of the spirit and objects of "All the Year Round."

In transferring myself, and my strongest energies, from the publication that is about to be discontinued, to the publication that is about to be begun, I have the happiness of taking with me that staff of writers with whom I have labored, and all the literary and business co-operation that can make my work a pleasure. In some important respects, I am now free greatly to advance on past arrangements. Those I leave to testify for themselves in due course.

That fusion of the graces of the imagination with the realities of life, which is vital to the welfare of any community, and for which I have striven from week to week as honestly as I could during the last nine years, will continue to be striven for, "all the year round." The old weekly cares and duties become things of the Past, merely so be assumed, with an increased love for them and brighter hopes springing out of them, in the Present and the Future.

I look, and plan, for a very much wider circle of readers, and yet again for a steadily expanding circle of readers in the projects I hope to carry through "all the year round." And I feel confident that this expectation will be realized, if it deserves realization.

The task of my new journal is set, and it will steadily try to work the task out. Its pages shall show to good purpose their motto is remembered in them, and with how much of fidelity and earnestness they tell The Story of our Lives from Year to Year.

CHARLES DICKENS.

HILLSIDE NURSERY & GARDEN,

HALF-MILE NORTH OF COLUMBIA,
LANCASTER CO., PA.

THE subscriber, Proprietor of the "Hillside Nursery and Garden" offers for sale, at his premises a general assortment of

FRUIT, SHADE & ORNAMENTAL TREES,

of the choicest varieties, a rare collection of Hardy Ornamental Shrubbery—evergreen and deciduous, the finest climbing plants of every description demanded in this market—all hardy, many monthly, or perpetual blooming.

Also the Standard varieties of

GRAPE VINES,

NATIVE & EXOTIC,

small fruits of nearly every variety worthy of cultivation in this climate, Gooseberries that *will not mildew*; also, the finest collection of hardy roses ever offered for sale in Columbia, and, after a long experience in other gardens, he thinks he may safely assert the finest grown and best assortment now in the county.

He calls attention to the Green House, which is crowded with the rarest and most sought for varieties of Ornamental and Flowering Plants, and challenges Lancaster and York Counties to produce a collection of better known collections of Green and Hot House Plants, than now on hand at the "Hillside Garden," in order for Spring Trade. He offers them cheaper than they can be bought at any other establishment in the above counties or in the state.

He keeps constantly on hand at his Extensive Nursery and Garden a full assortment of bouquet every tree, shrub or flowers connected with the business offered for sale in Philadelphia.

In connection with the Nursery and Garden, the proprietor will undertake through the agency of William Stafford, a scientific Landscape Gardener and Nurseryman, educated in England, to plan and lay out Pleasure Grounds, Gardens, &c., and to do general jobbing in the line of business.

☞All fancy and jobbing work will be warranted to give satisfaction to the most tasteful and fastidious, and will be done at reasonable rates.

S. B. PURPLE.
Columbia, April 16, 1859.
