SHREINER'S Improved Air Heaters, Fuel & Heat Economizing Stoves, & Heaters.

THE manufacturers have just finished and now offer for sale, a fine Parlor Stove and Parlor Cook.—Also their large Heating Furnace, for the heating of buildings with one heater. These heaters, upon test, have proven themselves to require but half the fuel required by other heaters of the same size, and they give much more and a pleasanter heat. The reasons why they work so much better are because they have more heating surface in direct contact with the fire, and the supply of air over the internal and external surface is greater and more perfect to take the heat up readily, thereby preventing the furnace from holding *the heat, making it red hot to burn it out and* scorch the air, making it dry and oppressive The heat, not being held is not forced up the flue, as is the case where heat is held in the furnace, because the vent up the smoke pipe is the true, the shaft drawing it up and the furnace forcing it back These difficulties are overcome, and the heat is saved that wastes in stoves and heaters

Shreiner's Heaters are the only double Air-Heating Furnaces in the market, and therefore have a great advantage over all Heaters in use for saving heat and fuel.

☞ These Stoves will heat, with the fuel of one *ordinary stove, as much as two or three ordinary stoves*, and they heat rooms up and down stairs

LIFE INSURANCE.

WE are told that he who neglects to provide for his own household is worse than the heathen. There is no doubt of it. When in health the provident man will provide for his charge and whilst that health is intact his prudence should prepare for solace in the dark day, for the hour when the *sympathy* of friends is a sounding brass. This can be done by Life Insurance Every man owes this duty to his family. The uncertainty of life is a constant lesson which teaches the fact that he who to-day walks in the pride of manhood, may fall to-morrow, and the plans by which riches and honors were to have been brought to the loved ones, vanish as the morning mists. Let every man in health insure to his family the comfort of knowing that should he be called from them life wolf may be kept from the door.

The United States Life Insurance & Trust Co. effect this end. For pamphlets, terms and *general infor*mation on the subject, refer to

25 PER CENT. SAVED.

WE have just received 50 more Boxes of Black Tea Tobacco, *from one of the largest manufactories in Virginia*—much superior to the first lot manufactured for us. We wish to state in regard to this Tobacco, that we can recommend it as being in quality and flavor than any sweet Tobacco before manufactured in this state of elsewhere. We want *every person* to give all wishing to try it that they will save 25 per cent. by buying our BLACK PAT TOBACCO.

The Tobacco is free from stem and dirt, made of nothing but pure leaf, and sweetened with the best of white sugar. All dealers who sell sweet tobacco should give this article a trial, and if a trial is not found as represented, it will not any time refund the price.—We also keep on hand the following brands of chewing tobacco:

Sweet Pecan Leaf, Sweet Congress, Sweet Honey Dew, Sweet Cavendish, Sweet Honey Nine and Sweet Twist. We keep the best brand of Rough and Ready, and a new brand of natural called the Virginia Double Pressed. We have the largest stock of Segars and Chewing Tobacco west of Philadelphia.—We will sell the above goods cheaper than they can be bought in the city. All who deal in the above articles are requested to call, and if we do not offer them goods cheaper than they can be bought elsewhere, we will not ask them to buy.

EVANS & WATSON'S SALAMANDER SAFES,

304 *Chestnut Street*,

PHILADELPHIA.

Another Triumph.

Philadelphia Sept. 29, 1859.

TO THE PRESIDENT OF THE PHILADELPHIA AGRICULTURAL SOCIETY:—The subscribers, your Committee to examine the doors of a Salamander Safe, of Evans & Watson, after being exposed to a strong fire in the Fire Ground, on the 27th inst., for several hours, have respectfully

That after seven cords of oak wood and three of pine had been consumed around the Safe, it was opened in the presence of the committee, and the contents found but little warmed, but not even scorched

Several Medals heretofore received by the Company, and a large quantity of documents were found in the Safe, and came out entirely unhurt.

Your Committee would call to the capacity of Safe as this kind, to protect contents from any fire to which they may be exposed.

The Committee awarded a Diploma and Silver Medal

GEO. W. WOODWARD,
JOHN W. CLARK,
J. P. RUTHERFORD.

STILL ANOTHER.

Wilmington, Del., Sept 17, 1859.—Messrs. Evans & Watson, Philadelphia:

GENTLEMEN:—The Salamander Fire-Proof Safe of your manufacture, purchased by my friend, your Agent, Henry N. Garrett, of our city, some nine months ago, was severely tried by burglars last Saturday night, and although they had *a fine hammer, cold chisel*, Drill, and gunpowder, they did not succeed in opening the Safe. The tools came out of the Safe as bright as when they went in. They could not make the powder go into the drill hole as the lower part would not, forced it in a large charge, which was ignited, and although the door, inside and out, showed the explosion, not to have been a small one, it was not forced open. We suppose they were disturbed in the night at work or it. We are much gratified at the result of the attempt to enter it, and if the above facts are of any service, you are at liberty to use them.

Yours, Truly, BAYNARD & JONES.

GREAT FIRE!—ANOTHER TRIUMPH!!

Knoxville, Tennessee, March 13th, 1859.

Messrs. EVANS & WATSON, Philadelphia:—Gentlemen—It affords me great pleasure to say to you that the Salamander Safe which I purchased from you in February, to preserve in what you recommended it would be proof to, was burned to the ground together with several others, was burned to the ground in March last. The Safe fell through into the cellar, and was exposed to the fire for six or eight hours, and when it was taken from the ruins and opened, all its contents, papers, found to be perfect, many of the books and the papers not being injured any other way, I can cheerfully recommend your Safes to the community, believing as I do, that they are the best proof as it is possible for any Safe to be made.

Yours, truly, THOMAS SWEENEY.

☞ A large assortment of the above Safes always on hand at 304 Chestnut street, (late 304 South Fourth street.) Philadelphia.
