deons, dec., dec. D.C. B CARTE . June 4, 1939. New Agricultural Settlement. TO ALL WHO WART FARMS.

Additional Company of the property of the personal company of the personal com pendiction of warm, investigated the heat Frait shall and Vegerable's it is easileted the heat Frait shall in the Union. The place is perfectly sector from fronge-tie distinctive advising if the factor. Crops of grain, grace and frait are not growing and can be seen. By examining the place need a surposet ladguage rank a torniest of the profinetiveness of the land. The terms are under easy to some other heads which is only soft for grain improvement of the land, which is only soft for grain improvement. The resoft has been that writhly the past year, some three basedred augues have been seen to make any transported in the measure, and the farty what year, on the forty what year, of other improvements, making it a desirable make citive place of luminess.

THE MARKET,

Beet in the Union.

Produce bringing double the price than in locations away from the cars, and more than double the price than the West. It is known that the earliest and hor-from and veget these in this lattice come from Bage Jersey, and are unmaily exposed to the extent May be seey, and are unmaily exported to the case is of millions.

In locating here, the scatter has many advantages. He is within a few hours ride of the grout case, the sew highly a few hours ride of the grout case. He is within a few hours ride of the grout case, the second within the second of the case of the second of

by unknown. The result of the change upon those from the north, has generally been to restore them to an excellent state of health.

In the why of building and improving himber can be absurated at the mile at the rate of \$10 to \$15 per shousing. Bricks from the br: 's and opened in the Bree, every activate can be prove. I do in the piece, good earpenters are at hand, and there is no place in the Union where buildings and improvements can be made chapter. Conton where outrollings and improvements can be made chapper.

The reader will at once he struck with it.e. advantages here presented, and has himself why the projectly has not been taken up before. The reason is, it was never thrown in the market, and extrest here videnments were correct, no one would be revised to examine the inno before purchasing. This saidne expected to do. They will see find under cultivation, such is the extent of the settlement that they will no deabt, meet persons, from their own usigh inchood: deabt, there persons, from their own unight orbords they will winness the improvements and our judge the character of the population. If they come with a view to settle, they should come prepared to say a day or two and be ready to purchase, a succitous Gannot be held on refusal.

There are two dutly trains to Philadelphia and to all settlers who improves the Railrond Compant gives a free tacket for six mouths, and a half-price tacket for five persons.

THE TOWN OF HAMMONTON. connection with the agricultural seriement, is and thriving town has naturally arisen which has inducements for any kind of business par

In connection with the agreentural sentence at a new and thriving town has mutually arisen which presents inducements for any kind of business parterularly stores and manufactories. The about business could be carried on in this place and market to good advantage, also conton business, and manufactories of agricultural implements or foundres for essing smarl acticles. The improvement has been a rapid as to insure a constant and permanent inseress of business. Town lots of a good size, we do not sell small ones, a it would effect the improvement of the place, can had at from \$100 and upwards. The hammonion Parmers, a monthly literary and agricultural sheet, contaming full information of Hammonion, can be obtained at 22 cents per annum.

The indisputable—wartantee deeds given, clear of all incumbrance when money is paid. Route to the land: Irawe Vine street whirf, Philodelphia, for Hammonion by Railroof, at 74 M. or 45 P. M.—Fars 90 cents. When there inquire for Mr. Byrnes, Moseffing conventioness on hand. Parters bud detter stop with Mr. Byrnes, a principal, until they have decaded as to purchasing us he with show them over the listed in his carriage, free of expense. Letters and applications can be addressed to Lindia & Byrnes, Hammonion P. O. Attentic co. New Jersey, or 8, 18 Coaghin, 202 South Frith street, Philadelphia.—Mags and information cheeritily farmished.

A & Co", and procure an Almenic for the next scrotuta, or King's Evil, s a constitutional disease, a corruption of the lood, by which this fluid becomes vitiated, acak, and poor. Being in the circulation, it pervades the whole body, and may burst our in disease on any part of it. No organ is free rom its attacks, nor is there one which it may be destroy. The complete this transfer of the control of the c

ron its attacks, nor is there one which it may not destroy. The serofulous taint is variously caused by mercurial disease, low living, disordered or unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its crigin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Kim who says, "I will visit the himinities of the fathers unon will visit the irriquities of the fathers upon their children."

Its effects commence by deposition from the Its effects commence by deposition from the blood of corrupt or ulcerous matter, which, in the lungs, liver, and internal organs, is termed tubercles; in the glands, swellings; and on the surface, eruptions or sores. This foul corruption, which genders in the blood, depresses the energies of life, so that scrofulous constitutions not only suffer from scrofulous complaints, but they have far less power to withward the stracks of other diseases; consequently. Fast numbers perish by disorders quently, was numbers perish by disorders which, although not scrofulous in their nature, are still rendered fatal by this taint in the system. Most of the consumption which decimates the human family has its origin directly in this scrofulous contamination; and many destructive discusses of the liver, kidneys, brain, and indeed of all the great pairs from

destrictive analysis of the liver, kidneys, oran, and, indeed, of all the organs, arise from or are aggravated by the same cause.

One quarter of all our people are scrofulous; their persons are invaded by this lurking infection, and their health is undermined by it. To cleanse it from the system we must renovate the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYERS

Compound Extract of Sarsaparilla, the most effectual remedy which the medical skill of our times can devise for this every where prevailing and fatal malady. It is com-bined from the most active remedials that hav been discovered for the expurgation of this foul disorder from the blood, and the recue of the disorder from the blood, and the rescue of the ystem from its destructive consequences. Hence it should be employed for the cure of not only scrofula, but also those other affections which arise from it, such as Eruptive, and Skin Diseases, St. Anthony's Pine, Rose, or Eristiplicate, Pinyliss, Pustules, Blothes, Blains and Boila, Tumors, Tetter and Salt Rueem, Scald Heap, Ringworn, Ringwhatism, Syphilitic and Mercyrial Diseases, Drophy, Dyspersia, Denlity, and. RHENNATISM, SYPHILITIC and MERCYRIAL DISCUSSES, DROPSY, DYREPSIA, DEBILITY, and, indeed, ALL COMPLAINTS ARBSING FROM VITIA-IRD OR IMPURE BLOOD. The popular belief in "impurity of the blood." is founded in truth, for scrofulz is a degeneration of the blood. The particular purpose and virtue of this Sarsaparilla is to purify and regenerate this vital fluid, without which sound health is impossible in contaminated constitutions. contaminated constitutions.

Ayer's Cathartic Pills,

FOR ALL THE PURPOSES OF A FAMILY PHYSIC,

Friends in advanced stages of the disease.

So wide is the field of its nacfulness and so numerous are the cases of its cures, that almost overry section of country abounds in persons publicly known, who have been restored from alarming and ever desporate diseases of the lungs by its use. When once tried, its superiority over very other medicine of its kind is too apparent to escape observation, and where its vittues are known, the public no longer hosistate what antidote so employ for the distressing and dangerous affections of the past, merely so he assumed, with an increased love for them and brighter hopes of the past, merely so he assumed, with an increased love for them and brighter hopes of the past, merely so he assumed, with an increased love for them and brighter hopes of the past, merely so he assumed, with an increased love for them and brighter hopes of the past, merely so he assumed, with an increased love for them and brighter hopes of the past, merely as the past of the p

**ALL THE YEAR ROUND."
BECKENS' NEW WEEKLY.

We have the pleasure of announcing that we have entered into arrangements with lication, entitled, "All: the Year Round," each week, in New York, simultaneously with its issue in London, plates being taken from the English edition, and lorwarded to us sufficiently in advance of publication for that purpose. The first number will appear in London and New York on Wednesday, May 4th, and will contain the commencement of a new story by Charles Dickens, to be continued from week to week during about eight months.

Thus, it will be seen that American readers of "All the Year Round," will obtain the stories and other contributions of Mr. Dickens, and the staff of writers associated with him, embracing an array of distinguished talent with the staff of writers associated with him, embracing an array of distinguished talent with the staff of writers associated with him, embracing an array of distinguished talent with the above countless or in the stable of or or in the stable of or in the stable or in the stable of or in the stable of or in the stable or in the stable of or in the stable of or in the stable of or in the stable or in the stable or in the stable of or in the stable or in

embracing an array of distinguished talent with which no other publication can compare, several weeks in advance of their reaching this country through ordinary sources, and at the same time they are given to the public in Lon-

FOR ALL THE PURPOSES OF A FAMILY PHYSIC, are so composed that diseased within the range of their action can rarely withstand or evade them. We will etete that this arrangement has been consummated by the payment of a large their action can rarely withstand or evade them. Their penetrating properties earth, and cleanse, and in igorate every portion of the human organism, correcting its diseased action, and rortoring its diseased action, not nortoring its healthy vitalities. As a consequence of these properties, the invalid who is bowed down with pain or physical debility is assonished to find his health or energy restored by a remedy at once as simple and inviting.

Net only do they cure the every-day complaints of every body, but also unany formidable and dangerous discasses. The agent below named is pleased to furnish gratis my American Almanac, containing corrificates of their cures and directions for their use in the following complaints: Costine-mass, Heavilton, Fami in and Morbid Isoction of the Boueds, Flatelency, Loss of Appetite, Jaundece, and other kindeed complaints, arising from a low state of the body or obstruction of its functions.
