Improved Air Heaters, Fuel & Heat

Economizing Stoves, & Heaters,

Économizing Stoves, & Heaters, THE manufacturers have just finished and now offer for sale, a fine Parlor Stove and Parlor Cook.-Also, their large Henning Furnace, for the heating of huildings with one heater. These heaters, noor fest, have proven themeelves to require but hulf the fuei-required by other heaters of the same size, and they give much more and a pleusanter heat. The reasons why they work so much helter are because they have more heating surface in direct contact with the fire-and the supply of air over the internal and external surface is greater and more perfect to take the heat up rapidity, thereby preventing the furnace from hold-ing the heat, making it dry and oppressive. The heat, noticing held, is not forced up the flow, as is the case where heat is held in the furnace, because they vent up the smoke pipe is the frees, the difficul-ties are overcome, and the heat is saved that wastes in stoves and heaters.
