W.F. are told that he who neglects to provide for his household is sworse than the heathen? There is no doubt of it. When in health the provident man will provide for his charge and whilst that health is need to provide for his charge and whilst that health is need to provide for his charge and whilst that health is in the his prudence should prepare for solace in the dark day, for the hour when the sympathy of friends is na sounding brass. This can be done by Life Insurance Every man owes this day to hus family. The ancest that the who day walks in the pride of manhood, may fall to-morrow, and the plants by which riches and honore were to have been heought to the loved ones, vanish as the morning mists. Let every man in health in-ore to his family the comfort of knowing that should he be called from them the wolf may be kept from the door.

SHREINER'S

Improved Air Heaters, Fuel & Heat Economizing Stoves, & Heaters.

THE manufacturers have just finished and now ofter A for side, a fine Parlor Stove and Parlor Cook.

Also, their large fleating Furnace, for the heating of buildings with one leaver. These heaters, upon text, have proven themselves to require but half the finel required by other heaters of the same size, and they give much more and a pleasmier heat. The reasons why they work so much heiter are flecause they have more heating surface in direct contact with the fire, and the supply of air over the internal and external surface is greater and more perfect to take the heat up rapidly, thereby preventing the fornace from holding the beat, making it day and oppressive. The heat, not being keld, is not forced up the flue, as is the case where heat is held in the farnace, because the yent up the smoke pipe is the floats, the draft drawing it up and the formace forcing it back. These difficulties are overcome, and the heat is saved that waster in stoves and heaters.

Shreiner's Heaters are the only double Air-Heating Furnaces in the market, and therefore have a great advantage over all letaters in the for saving heat Economizing Stoves, & Heaters.

These Stoves will heat, with the fuel of one or-

dinary stove, as much as two or three ordinary stoves and they heat rooms up and down stairs. SHREINER & YOUNG, Manufacturers.
