Aver's Sarsaparilla

A compound remedy, in which we have la bored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power a-to afford an effective autidote for the disease. Sarsaparilly is réputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their eure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by exper-iment on many of the worst cases to be found of the following complaints:-Senopeut, a ND Senortours Complaints, Superiors and Euuripee

ANTHONY'S TIME, and indeed the whol-dises of complexity origing from Linguistics class of complaints arising from Imputiry o. THE BLOOD

This compound will be found a great pro-noter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ity expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous seres, through which the system will strive to rid itself of corruptions, if not assisted to do this through the advarged channels of the lody by an alterative medicine. Cleanse out the vititated blood whenever you find its imputite-bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse in whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with thi-nabulum of life disordered, there can be lasting healthy. Sonner or hter somethis must go wrong, and the great machinety to life is disordered of overthrown. This compound will be found a great pro-
