Ayer's Sarsaparilla 200 GROSS Triction Matches, very low for ensh. H. WILLIA VIZ.

A compound remedy, in which we have la-bored to produce the most effectual alterative that can be made. It is a concentrated extract that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by exper-iment on many of the worst cases to be found of the following complaints:--SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCEUS, PIMPLES, BLOTCHUS, TUMORS, SALT RUEUX, FILE subscriber invites the attention of the NEW GROCERY, FLOUR, FEED AND

class of complaints ansing from IMPURITY of THE BLOOD. This compound will be found a great pro-moter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, cruptions or sores; cleanse it when you find it is ob-structed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

hie is disordered or overthrown. Sursuparilla has, and deserves much, the reputation, of accomplishing these ends. But the world has been egregiously deceived by preparations of it, parity because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts (f it, contain but little of the virtue of Sarsaparilla,

eontain but little of the virtue of Sarsaparilla, or any thing clse. During late years the public have been mis-led by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most at these have been frauds upon the sick, for they not only contain little, if any, Sarsapa-rilla, but often no curative properties whatey-er. Hence, bitter and painful disappointment bee followed the way of the major way for the stars. has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has been me synonymous with imposition and cheat. Still we call this compound Sarsparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresivible by the ordinary run of the discuss it is intend-ed to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on he bottle. PREPARED BY
