HILLSIDE NURSERY & GARDEN!

LIFE INSURANCE. We have chold is "worre than the heathen." There is no doubt of W. When in health the provident man will provide for his charge, and whils that health is in-nact his prudence should prepare for solace in the dark day, for the hour when the sympathy of friends is as sounding brass. This can be done by Life Insurance. Every man owes this duty to his family. The uncer-tainty of hig is a constant lesson which teaches the fact that he who re-day wakes in the pride of inanhood, may fail to-morrow, and the plans by which riches and honors were to have been brought to the loved ones, vanish as the morning mists. Let every man in health neure to his family, the comfort of knowing that should he be called from them the wolf may be kept from the door.
