Paov. Wood: Thee wist please accept a line to inform thee that the hair on the lead all fell off over twenty years ago, caused by a complicated chronic discuss, attended with an cray tool on the head. A continual course of suffering through life having reduced me to a state of dependence. I have not beer able to obtain stuff for caps, neither have I been able to do them up, in consequence of which my head ha suffered extremely from cold. Thus induced me to my Briggs & Hodges almost the last cent I had onearth for a two dollar bottle of the Hair Restorative about the first of August last. I have tanthully followed the directions and the hald spot is now covered with hart thek and black, though short, it is also coming in all over my head. Feeling contident that another large tottle would restor at entirely and permanently. I feel anxious to persevere in its use, and being destinute of memis to purchase any more, I would ask there if thee woulds tool be withing to send me an order on thine agent for a boule, and receive to thyself the scripture declaration—the reward is to those that are kind to the window and the father less. Thy friend. SUSANNAH KIRRY Ligonier, Noble Co., Indiama, Feb. 5th, 1859. Phor. O. J. I at once made application to the most skillful physicians in the commy, but, receiving no assurance from them that my hair could again be restored, I war forced to become reconcided to my fate, until, fortunately, in the latter part of the year 1857, your Resturative was recommended to me by a druggist, as being the most reliable Hair Restonative in uses. I tried one bottle, and found to my great satisfaction that it was producing the desired effect. Since that time, I have used seven dollars worth of your Restorative, and a result, have a rich coat of very soft black hair, which no money can bay.

As a mark of my gratitude for your labor and skill in the production of so wonderful an article, I have recommended its use to many of my friends and acquaintances, who, I am happy to inform you are using it with flace effect. Very respectably, your,
