Mr. Friedrich & Bros' advertisement in today's paper. There is the largest Wholesale and Retail Tobacco, Sugar and Snuff Manufactory in the State.

Patrons of the original gallery, Leucost street above Front, has produced some fine photographic likenesses recently and is now prepared to do ample justice to the best and most beautiful faces in that branch of his art.

Commissioner to India.—We learn that our fellow townsman, Dr. N. B. Wolfe, has been selected by the Agricultural Bureau at Washington, as United States Commissioner to India.

The mission contemplates a collection of the agricultural products indigenous to the East, and the transmission to this country. The Doctor will sail from Boston about the first of March.

We have only time to congratulate the Doctor on his appointment, and express our confidence in his entire fitness for the post conferred upon him.

Washington House, Cotton City.—The present has been a season of festivities, and our people have not lacked opportunity for a little harmless excitement and enjoyment.

Citizens Ball.—And still another. On next Thursday evening, Saml H. Lockard, of the Bellevue, will give a "Citizens Ball," at his hotel, which will doubtless be a snug and pleasant affair.

Relief for Kansas.—On last Tuesday a committee of citizens of this borough and the adjoining township announced by placard a meeting to be held the evening of the same day, in the Town Hall.

A meeting of the citizens of Columbia and vicinity, was held in the Town Hall, on Tuesday evening, 5th inst., when on motion of A. Bruner, Samuel Truscott, Esq., was called to the chair, and J. W. Fisher appointed Secretary.

On Wednesday evening the meeting re-assembled, pursuant to adjournment, when the different committees reported the amounts collected as follows:

On motion of H. H. Fry, the Chairman and Mr. A. Bruner were appointed a committee to forward the above amount to Kansas, a voting such mode as they may deem best.

J. W. Fisher, Secretary. The bills calling the above meeting were voted as late as five o'clock in the afternoon of Tuesday, and must necessarily have failed to catch the eye of a large proportion of our citizens; yet under this adverse influence the result of the appeal to the sympathies of the people has been such as may have perfectly satisfied us under the most favorable circumstances.

A Message from the Sea.—From Peter's Bay, Philadelphia, we have received a "Message from the Sea" and "The Illustrated Traveler," Dickens' Christmas Story and a series of sketches, reproduced from "All the Year Round." These are published in one volume, uniform with "Peter's Bay" complete edition of Dickens.

The Weather.—Until Thursday last we had almost promised ourselves a week of fine winter weather of moderate and uniform temperature. But on Thursday morning, the gorgeous paintings on the hills at sunrise portended an approaching storm, and about noon of the same day we had it in bitter earnest.

Hope Lodge Evenings.—On Friday evening of last week the fourth lecture of the course was delivered by Mr. Behmer, whose subject as announced was, "The Neglect of the Preservation of Health by the American People."

The President announced the next, sixth, lecture for next Friday evening, when Prof. J. P. Wickesham, Principal of the State Normal School, at Millersville, will speak. His subject will be "Woman's Wrongs and the Woman's Rights."

The "Farmer and Gardener," as also the "American Bee Journal," for February, are received. The former is filled to repletion with the most useful and seasonable reading.

Geneseo Farmer "Prize Essay."—The February number of the Geneseo Farmer is received. It contains twenty-six "Prize Essays." The publisher of the Geneseo Farmer offered a prize for the best essay on each of a given number of subjects.

Pennsylvania Military.—The whole number of organized volunteer companies in the State is 476; of which number Philadelphia city and county has 43, Schuylkill 28, Berks 25, Luzerne 23, Allegheny 19, Northampton and Lehigh each 15, Westmoreland and Centre each 12, Bucks, Blair and Cumberland each 10, Washington, Montgomery, Fayette and Perry each 9, Lebanon, Butler and Susquehanna each 8, Dauphin, Monroe and Franklin each 7, Lycoming, Clinton, Beaver, Bedford, Somerset and Cambria each 6, York, Lancaster, Erie, Warren, Jefferson, Clarion, Huntingdon, Wayne, Snyder and Monroe each 5, others 4, 3, 2 and 1 each.

Avoid the Tree Peddler.—K. K. Jones, Esq., of the Quincy Herald, still speaks under this heading: We—the agricultural editor—had intended to have warned all our readers to avoid all tree peddlers as they would the itch, and were forcibly reminded that the semi-annual infliction of this class of humbugs and swindlers was just in season, by one of the tribe seeking to pass off some of his wares upon himself.

Mr. North rose to defend the good name of our town and people, and administered a verbal correction to the young gentleman who preceded him, entirely incommensurate, we thought, with the occasion.

It may not be amiss to state here that Mr. Beach, at the last Hope Lodge Evening, in his former remarks brought in rather a *mal propos*, we thought, asserted that a misconception had been put upon his words. He said, or meant to say, that in

his judgment the people of Columbia were ignorant. Exactly! and just so he was understood. We should have felt much worse had our abandoned reputation rested on our foundation.

The Fifth Lecture was delivered on Thursday evening, by Col. J. W. Fisher. Subject: "The Mutual Relation of Governor and Citizens." We must again criticize. We will not find fault with the lecture, as a lecture, but as a Hope Lodge Lecture. The latter is, or should be, a production *sui generis*—instructive, entertaining, open to discussion, and above all free from the taint of partisanship.

Mr. Kaufman opened the discussion, and was followed by Rev. Mr. Esick. Mr. Caldwell succeeded, and Mr. Beach then took the floor. Mr. Collins spoke briefly. The discussion became general, several gentlemen speaking more than once. Of course the opinions expressed and the principles advocated were diametrically opposite.

the honesty of all such fellows, and the result is the customer gets swindled with a thing he never ordered. Many kinds of fruit trees can be bought in quantities, in all large nurseries, at half the price of the most popular sorts. The result is they purchase the cheapest and label them to suit the order received, and by the time they come into bearing Mr. Peddler has wisely selected another sphere of action to carry out the same game.

Congressional.—THURSDAY, JAN. 31st.—The debate in the Senate will attract marked attention. Its importance and significance cannot be mistaken. Mr. Seward, in presenting the memorial of thirty-eight thousand citizens of New York in favor of the Border State compromise, accompanied it with remarks that will meet the approval of every man who does not desire to press the sectional troubles of the country to the point of national disintegration and ruin.

THAT OLD PARAGRAPH ABOUT CUBA.—John Mitchell, writing from Paris, says of the President's Message: Three days ago arrived the last message of the last President (they say) of the United States. The first thing I looked for in it was the well known old paragraph about buying Cuba.

SALE OF THE ERIE RAILROAD.—The New York and Erie Railroad was sold on Tuesday, at auction for \$920,000, and was bought in by the Trustees. The property is valued at forty millions. The company will be forthwith reorganized. Under the new organization the bonded debt is about \$19,000,000, the preferred stock about \$10,000,000, and the common stock about \$11,000,000, making an aggregate of about \$40,000,000. The new company will be known as the Erie Railroad Company.

FRIDAY, FEB. 1st.—In the Senate after the morning hour, Mr. Latham, of California, spoke for the preservation of the Union and against coercion. Mr. Simmons, from the Select Committee, reported the tariff bill, which was made the special order for Wednesday next.
